A. B. C. Code 4th Edition and Western Union Telegraphic Code used.

Yokohama, 1st January, 1901.

To our customers,

We have much pleasure in presenting to you our annual descriptive catalogue for 1901 in which our customers will observe some important alterations with new illustrations and we take this opportunity to tender our thanks to our patrons and friends for their past liberal support and solicit for the continuance of their goodwill and to express our grateful sense of appreciation to those who have kindly recommended and introduced our firm to their friends thereby materially helped us in increasing our connections, and we are now undoubtedly the largest exporting house of the line in this country.

The rapid increase in our business affords us easy means to collect stocks from different farms. Our stocks grown in Yokohama and local nurseries naturally lend to further facilities to supply the best stocks and large quantities at moderate prices than are offered in any other places in Japan.

We are growers and dealer of LILY-BULBS, CYCAS PEVOLUTA, PHAPIS PALMS, CHRYSANTHEMUMS, BAMBOOS, REONIES, and all other nursery stocks as well as dried Cycas Leaves, dried Eularia Panicles, Bamboo Sticks, Flower Pots, Seeds etc. and can supply promptly large quantities of any sizes and descriptions at reasonable prices.

Our firm being located at the commercial centre of the Empire, we have every convenience to facilitate our business and give despatch to our shipments.

To secure safe transit from this port to any different European and American markets we keep our plants in pots so as to arrive in perfect condition.

We are,

Yours respectfully,

The Yokohama Nursery Co., Ltd.

B U S I N E S S.

PAYMENT:—All the orders should be accompanied by cash in the form of Draft, Cheque or P. O. Order. Remittance should be crossed "The Yokohama Specie Bank" (Main Office, Yokohama), or "Hongkong and Shanghai Banking Corporation" (Branch, Yokohama) or any other existing in Yokohama. Owing to the difficulty in collecting accounts, no order shall be attended to unless accompanied with remittance from party unknown to us or those whose account of previous season remains unsettled.

NO CHARGE for packing and cases but consular fee, insurance and freight will be charge if prepaid; best possible care is taken in packing.

DAMAGE in transit, it is distinctly understood that we take no risk whatever for contingent injuries and all goods shipped at purchasers' risks.

ORDERS should be sent early as possible so as to make preparation and to ensure early delivery in proper season.

ALL ORDERS taken and accepted by THE YOKOHAMA NURSERY Co., LTD., or by their representatives are subject to the condition of crops or short supply beyond their control.

PRICES are made up f. o. b. Yokohama with the American gold dollar which is equivalent to about four shillings, marks or five francs, and subject to fluctuation.

SCALE and other injurious **INSECTS** in our plants are fumigated and destroyed before packing with possible care.

TIME OF SHIPPING FROM JAPAN.

BULBS:—The trade demands earliest possible shipment. *Lilium longiflorum* we commence shipping from early part of August and other lily bulbs from September but the best time of shipping is from October to December or can be safely shipped up to middle of March.

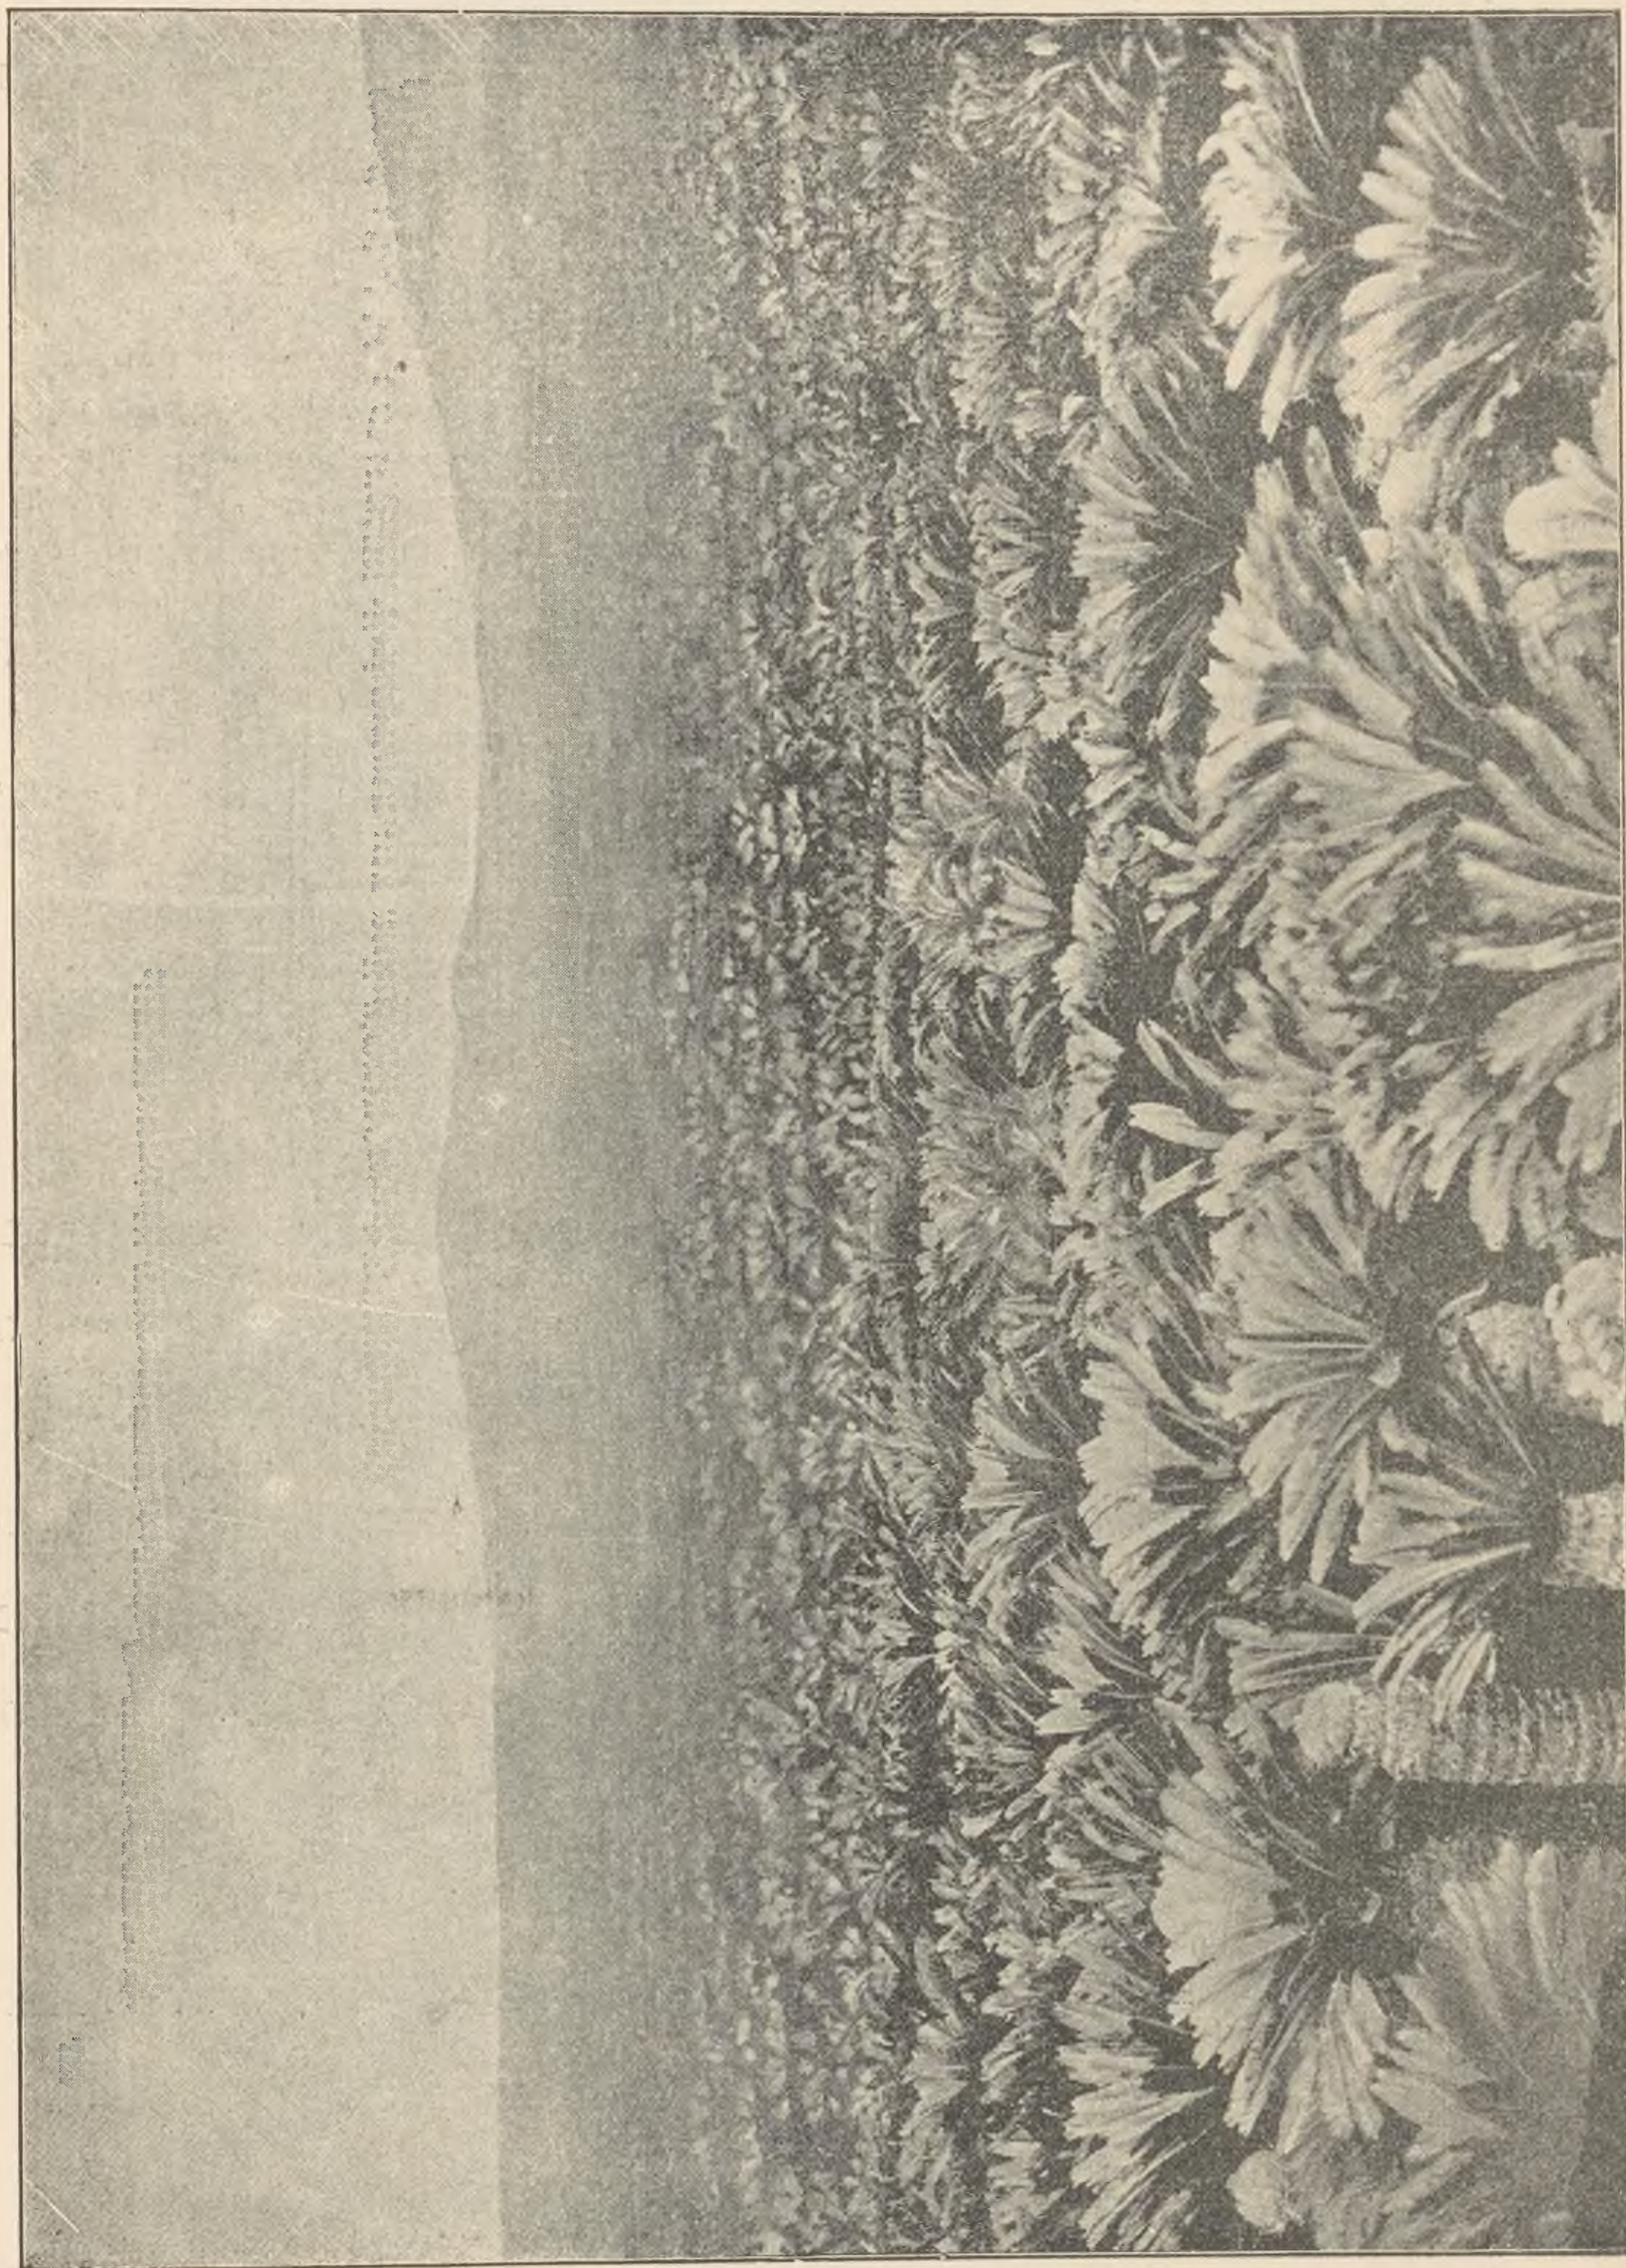

PLANTS:—The best time of shipping will be from October or can be sent up to February and in some instances spring shipping is desirable.

SEEDS:—Will be ready from December to January. Large quantities may be shipped as ordinary goods or per parcel post but small lot will better be sent per sample post as soon as one kind ready. Postage 10 cents per pound for any postal union country. We pay utmost care in the selection of our seeds and they are best procurable but we shall not be responsible as to productiveness.

SEEDS ORDER for large quantities should be send in early as possible even a provisional order so as to make the necessary preparation for getting early in season.

ATTENTION called for those living in the southern hemisphere to send their order in advance and leave us to ship at the best time from Japan as very often orders reach us in wrong season and are obliged to hold over till next season.

COMPLAINTS are heard why we do not send the whole of an order in one lot instead of instalments but the dormancy of plants and nature of stock require shipping at different time, accordingly in order to ensure safety in transit and very often we can not wait until others get ready.

Field of *Cycas Revoluta* in The Yokohama Nursery Co.

RATE OF FREIGHT FROM YOKOHAMA.

(Subject to fluctuation according to season.)

For London, Hamburg, Bremen and Marseilles	40/ to 50/ per ton of 40 cubic feet.

DESCRIPTIVE CATALOGUE

OF

FLOWERING, ORNAMENTAL TREES, SHRUBS, BULBS, HERBS, CLIMBERS, FRUIT TREES, &c.

FOR SALE BY

THE YOKOHAMA NURSERY COMPANY, LIMITED,

Nos. 21-35, NAKAMURA, YOKOHAMA, JAPAN.

Lilium Longiflorum.

LILIES.

THESE is perhaps no flower in Japan so widely known as the lily, it being the most beautiful and ornamental of bulbous plants in cultivation. We are special growers and exporters of these bulbs. Above 5,000,000 bulbs are exported every year. Nearly all Lily bulbs exported from Japan pass through our hands, directly or indirectly. This will prove that we are the largest establishment in this business.

Lilium Auratum, this superb lily is well known as the Japan Golden Banded Lily, and is the most showy of the genus. Its flower is from 10 to 12 inches in diameter and is studded with rich chocolate crimson spots on ivory white ground with pale but distinct yellow ray bands. It often produces more than 20 flowers to the bulb and they have a strong sweet fragrance :—

Size.	Per 10 \$ Gold.	Per 100 \$ Gold.	Per 1,000 \$ Gold.	Per 10,000 \$ Gold.
6- 8 in. circ.	..	\$ 1.10	\$ 10.00	\$ 90.00
8- 9 "	..	1.80	16 50	150.00
9-11 "	..	4.00	37 00	335.00
11-13 "	..	8.00	74 00	675.00

Lilium Auratum Platiphyllum, (*L. A. macranthum*), close ally of the preceding but larger and finer in all respects. Its flower is from 10 to 12 inches across with broader petals and especially noted for its lustrous broad leaves which give double attraction. The flower is generally studded with crimson chocolate spots like the Auratum lily :—

Size.	Per 10 \$ Gold.	Per 100 \$ Gold.	Per 1,000 \$ Gold.	Per 10,000 \$ Gold.
8-10 in circ.	..	\$ 5.00	45.00	..
10-12 "	..	6.50	60.00	..

Lilium Auratum Pictum, similar in form to the Auratum but is tipped with crimson shade at the ends of the yellow rays :—

Size.	Per 10 \$ Gold.	Per 100 \$ Gold.	Per 1,000 \$ Gold.	Per 10,000 \$ Gold.
9-10 in. circ.	..	5.50	50.00	..

	Size	Per 10 \$ Gold.	Per 100 \$ Gold.	Per 1,000 \$ Gold.	Per 10,000 \$ Gold.
Lilium Auratum, Rubro-Vittatum , one of the rarest bulbs. Flower large as L. Auratum and studded with purplish crimson spots with purplish crimson band to the middle of each petal, very attractive and most showy of all	6- 8 in. circ.	\$2.00	19.00	170.00	..
Ditto.	8- 9 ,,	2.50	23.00	210.00	..

Erythronium Denis-Canis, (Dog-Tooth Violet) a perennial of lily family, small lovely purple flower

..	..	2.75	25.00	..
----	----	------	-------	----

CHRYSANTHEMUMS.

THE Queen of autumn flowers is the Japanese national flower and widely known throughout the world for its fantastic shapes as well for the varied and gorgeous colours. In this country special attention is paid in raising this noble and graceful flower. Single plant with 300-400 flowers is often seen in our chrysanthemum shows. Their easy culture, less trouble from insect as well their blooming so late in autumn commend them to the most inexperienced amateurs and make them the most fashionable of the autumnal flowers.

The following best selected collection of pot plants \$.20 gold each.

- Gold World**, Beautiful yellow round.
- Fujiyama**, Snow white, quill petals.
- Seikōryu**, Greenish, full double.

- Favorite**, Yellow broad petals, red inside.
- Yoshino**, Light pink.
- Golden Pheasant**, Pure yellow.
- Nobilis**, White.
- Triomphe du Japon**, Pink, dark red inside.
- Merveilleuse**, Cream white broad petals, purplish pink insid.
- Toyama-no-yuki**, Pure white, quill petals.
- Yuki-daruma**, White large flower.
- Yūgesho**, blush, large flower.
- Adzuma-nishiki**, Light pink, purplish-red inside.
- Riusagawa**, Blush, pink inside.
- Fuji-otome**, Blush, purplish pink inside.
- Kiku-sarasa**, Blush, striped with purplish pink inside.
- Hatsu-shimo**, Pure white.
- Miyako-nishiki**, Pink.
- Hanagumori**, Purplish pink.
- Yedozakura**, Pink.
- Hanaryo**, Purplish pink dark-red inside.
- Ogon-sekai**, Pure yellow.
- Atrorubrum**, Dark red.
- Grand Monarch**, Pretty rose.
- Sun-rise**, Yellow, orange inside.
- Silver Spoon**, Pure white.
- Haku-o**, Cream-white.
- Shin-tatsuta**, Light pink.
- Sho-jo**, Dark orange-red.
- Fukinagashi**, Purplish-red.
- Tokiasobi**, Salmon.
- Oriental Fame**, Round Ball, red and pink on reverse.
- Crystal Ball**, Creamy, perfectly round, red inside.
- May Pole**, Red and yellow on reverse of petal.
- Victory**, Salmon.
- Royal Banner**, Broad larged petals dark-red inside.
- Golden Medal**, Yellow.
- Souvenir of Yokohama**, Creamy white, hairy.
- Diamond**, Yellow, somewhat green in centre.
- Golden Castle**, Yellow round ball.
- Golden Brocade**, Yellow large round.

- Torch Light**, Firely orange-red.
Ōminato, Light pink perfect ball.
Musashino, Red.
Kimpokwa, Yellow quill, large flower.
Hotarobi, Orange yellow.
Tancho-kaku, White and few petal striped with pink.
Oyama-no-yuki, Pure white, petals drooping.
Mitsuimeisho, Yellow balls.
Oshino-no-yodo, Pink quill petals.
Chiyo-no-hikari, Yellow striped with orange-red.
Tora-asobi, Yellow.
Ogon-dai, Yellow, drooping petals.
Sei-o-bo, Blush large flowers.
Usu-zakura, Light pink, narrow petals.
Yugin-no-taki, Buff narrow petals.
Kudsu-ryo, White.
Horai-no-tama, Light Pink.
Hana-no-o, Orange, and red inside.
Ryu-dsu, Orange hairy.
Kimbarin, Yellow narrow petals drooping.
Ikioijishi, Dark red.
Waka-murasaki, Light pink.
Genji-maru, White, striped with pink inside.
Buo-gun, Yellow.
Yawata-yama, Yellow.
Usugesho, White pink striped.
Gotenzakura, Pink.
Kanoko-jima, Dark red.
Dojoji, Large tall flower, drooping petals white outside and pink inside.
Taihō-cho, Pink narrow petals drooping.
Nochi-no-tsuki, White.
Hakuginmaru, White broad petals clasping.
Oman dara, Pink petals, red inside.
Hagi-no-tsukasa, Pink quill petals.
Oboro-tsuki, White and pink inside and drooping.
Shingetsuko, White curling flower.
Todoroki-no-taki, White drooping petals.
Riumon, Orange hairy.
Fuji-no-hatsuyuki, White hairy.
Ki-no-tsukasa, Yellow.
Tora-no-hora, Yellow.
Sessho-seki, Yellow elk-horn.
Ugonotsuki, Pink.
Nippon Glory, Pink.
Queen of Autumn, Yellow, red striped inner side.
The Yokohama, Pale pink slight green in centre.
Tycoon, Yellow greenish in centre.
Drifted Snow, White with broad petals.

Pride of Orient, Orange and red inner side.
 Golden Spoon, Yellow large tubular petals red inner side.
 Sun Set, Buff compact flower, tubular petals red inner side.
 Prince Imperial, White and greenish shade.
 Twilight, White crimson inner side.
 Velvet, Dark red, broad petals.
 Mikado, Cream yellow, large curling petals.
 Monarch of Chrysanthemum, Scarlet.
 Noble, Pink incurved.
 Empress of China, Large yellow.
 Daimio, Beautiful white.
 Golden Tuft, Yellow.
 National Flag, Orange petals red inner side.
 Magnificent, Purplish pink.
 Empress of Japan, Pink large flower.
 Silver Wave, White curling.
 Pearl, Beautiful white.
 Leopard, Yellow tipped with orange red.

(10) PÆONIA MOUTAN.

(TREE PEONIES.)

These immense beautiful well known flowers form also another Japanese pride. We open every year in April the Annual Peony Show in our garden, when we exhibit more than 5,000 plants of different colours, which attract great deal of attention and surprise thousands of visitors. This handsome hardy shrub throws its flower-buds early and if these are frozen and in this condition the sun's rays fall upon them they are more or less injured, therefore it is advisable to select position where the influence of the sun's rays are not felt till after 10 or 11 o'clock a.m. and not exposed too much to heavy winds, therefore a position amongst shrubs or under a west or north wall may secure the greatest amount of success. The plant is a greedy feeder and should have abundance of horse or cow dung given to it annually. The plant is grafted on the single purple stock and care should be taken to rub off all growth from the stock and remove all suckers from time to time. As a pot plant it is handsome but after flowering should be planted out to mature its growth.

Our Collection of best assorted varieties \$25.00 gold per 100 plants.

Diameter of flower given in inches.

1. Yoyo-no-homare, Beautiful rich scarlet petals with tasselled primrose anthers, 10 inches.
- X 2. Yaso-okina, White slightly tinted cream yellow, 12 inches.
3. Kamadafuji, Purple-rose petals shading to rosy lilac, 10 inches.
4. Kumoi-dsuru, Deep purple, very peculiar, 12 inches.
- X 5. Gioku-sho-kaku, Pure white petals with tasselled golden anthers surrounded with rose-purple feathers, 12 inches.
6. Aduma-saki, Rosy scarlet petals, 9 inches.
- X 7. Shiro-kagura, Pure white petals with purple feathers at base, distinct and very beautiful, tasselled yellow anthers, 10 inches.

Paeonia Moutan.
(*TREE PEONY.*)

8. Nishiki-gawa, Rich rose-pink petals sometimes blotched purple, with tasselled yellow anthers, 8 inches.
9. Kumoma-no-tsuki, Rich port-wine coloured petals with tasselled primrose anthers 9 inches.
10. Fuji-arashi, White large, 12 inches.
11. Adzuma-nishiki, Large single crimson petals shading scarlet fringed white with yellow base, very handsome, 9 inches.
12. Ginfukurin, Rich rose-purple shading to white with tasselled yellow anthers, most beautiful, 12 inches.
13. Michi-shiba, Deep carmine, large flower, 13 inches.
- X 14. Renkaku, White large flower, 12 inches.
15. Kagurajima, Pink, middle petals projecting, 12 inches.
16. Kumo-no-nishiki, Dark red, yellow in centre, 12 inches.
- X 17. Anyoji, Large flower white, slightly tinted rose at the base, 10 inches.
18. Iwato-kagami, Rosy scarlet petals with tasselled golden anthers, 10 inches.
- X 19. Yuki-arashi, White petals tinged delicate pink, 9 inches.
20. Kōkirin, Beautiful Scarlet, 12 inches.
21. Akashi-jishi, White shaded with rose, 10 inches.
22. Hakubanryu, Pure white petals, 10 inches.
- X 23. Hakugan, Pure white petals, with tasselled yellow anthers, 10 inches.
24. Hinode-dsuru, Bright red, pink tips, 10 inches.
- + 25. Tokiwadsu, Beautiful rosy lilac petals of immense size, with tasselled golden anthers, 15 inches.
26. Asahi-minato, Rosy scarlet petals with tasselled yellow anthers, 10 inches.
27. Ruriban, Rich purple petals with primrose tasselled anthers, 12 inches.
28. Kame-asobi, Carmine, blush edged, 10 inches.
29. Saishoji, Enormous flowers of scarlet, 12 inches.
30. Konron-koku, Dark purple, 10 inches.
31. Akashi-gata, Rosy pink petals fringed and undulated, with yellow tasselled anthers, 14 inches.
32. Bunbudo, Carmine, blush margined, 12 inches.
33. Nishikishima, Delicate pink petals with tasselled golden anthers surrounded with purple feathers, outer petals blotched purple.
34. Adzumakagami, Splended deep carmine, 12 inches.
35. Fuji-no-mine, Beautiful Monte Rosa colored petals with tasselled golden anthers, 9 inches.
36. Hana-tachibana, Pink and lighter towards tips, 10 inches.
37. Shishi-gashira, Satin rose, blush edged, 10 inches.
38. Shi-un-ryu, Purplish enormous flower, 12 inches.
- X 39. Gabisan, Pure white petals with tasselled yellow anthers, 10 inches.
40. Shoki-kagura, Satiny rose, blush edge compact double, 12 inches.
41. Gioku-senshiu, Carmine, blush margined, 12 inches.
- \ X 42. Seiriu, Pure white petals with large tasselled yellow anthers, very beautiful, 12 inches.
43. O-sakadsuki, Blush pink and lighter towards tips, 12 inches.
44. Fukashigi, Carmine, 12 inches.
45. Kansenden, Blush white, base of petals pink in centre, 12 inches.
46. Daikagura, Rose petals shading to pink, 9 inches.
47. Muhensai, Rich rosy pink petals passing off delicate pink with tasselled golden anthers, 10 inches.
48. Saigyo sakura, Beautiful delicate satin-pink petals with tasselled golden anthers, 10 inches.
49. Momo-zono, Rich carmine, blush edged, 10 inches.
50. Iro-no-seki, Blush large flower, 12 inches.

PAEONIA OFFICINALIS.

(HERBACEOUS PEONIES.)

Another species of Peonies, herbaceous in nature.

A handsome perennial flower blooming in early summer.

Gold \$18 00 per 100.

1. Kasane-jishi, Pink, central filamental petals tipped with buff.
2. Fujimine, White, central filamental petal tipped with yellow.
3. Yamatosangai, Pink petals forming three layers in different shades.
4. Hanagesho, Rose double tall flower.
5. Kara-ori-Nishiki, Light pink, striped with crimson.
6. Fuji-some-ginu, Pale rose, central filamental petals yellow.
7. Takaradama, Pure white.
8. Yayoura, White, striped in crimson at the tips.
9. Mine-no-yuki, White, and yellow in central filamental petals.
10. Hana-no-sato, Blush, and central filamental petals creamy.
11. Hinodesekai, Crimson, Central petals tipped with yellow.
12. Tatsugashira, Rose, striped with crimson.
13. Kame-no-kegoromo, Rose, central filamental petals yellow.
14. Someganoko, Carmine, central filamental petal, yellow.
15. Sumi-no-ichi, Purplish red, yellow in central filamental petals.
16. Magome-shiro, Pure white.
17. Ginkonishiki, White, striped with greenish yellow and red.
18. Shishi-odori, Pyramidal head, white.
19. Reikai-zan, Bush, yellow in central filamental petals.
20. Karafune, Light Pink.
21. Chiyo-kagami, White striped with crimson at tips tall double flower.
22. Mine-no-momiji, Light lilac, white.
23. Kochomai, Dark and red yellow filamental in centre.
24. Isamijishi, Pink, and yellow filamental petals in centre.
25. Ao-yagi-nishiki, White and striped with green.
26. Benisangai, Crimson petals with lighter color in middle forming three layers.
27. Kamakurako, Double crimson all through.

Paeonia Officinalis.

(HERBACEOUS PEONY.)

- I. HINODE-SEKAI.
- II. CHIYO-KAGAMI.
- III. YAMATO-SANGAI.

IRIS KÆMPFERI.

THIS well known beautiful Flag-like flower of Japan contains a great diversity of colour, some of the flowers rival the orchid. Some of the flowers measure 10-12 inches. The principal colours are white, maroon, deep blue, violet, beautifully veined, mottled, etc.

We grow these in our rice-fields and when the plant is at rest we manure it with dung once a month from November to March, but never give manure after the foliage appears, Cow-manure will answer all purposes. The plant grows successfully on all soils but when the soil is light is well to have it planted where it can often be watered and if the spot is a little depressed all the better to hold the water and get the full benefit of rains. It flowers beginning of summer. The following 50 varieties are choicest of all.

Gold \$6.00 per 100 ; \$55.00 per 1,000.

1. **Cekka-no-nami**, (Waves on moon light), Dense pure white, yellow blotches, petaloid stigmas creamy, 6 petals.
2. **Shishi-odori**, (Dancing Lion). Purple much stained, 3 standards same color, petaloid stigmas purple and white, 6 petals.
3. **Kumoma-no-sora**, (Sky amidst the cloud). White with a strongly marked sky blue zone and mottled in the same shade, yellow blotches, petaloid stigmas white margined lavender-blue, 6 petals.
4. **Kumo-no-obi**, (Band of cloud). Dark lavender-purple, white halo surrounding the yellow blotches and radiating into strong white lines, large standards same colors, petaloid stigmas white tipped and bordered lilac, handsome flower, 3 petals.
5. **Ho-o-jo**, (Ho-o-castle). Ruby-crimson, primrose blotches surrounded with white halo radiating out into clear white lines, petaloid stigmas white tipped purple, 9 petals.
6. **Cei-sho-ui**, Rich vinous-purple, primrose blotches surrounded by a white halo which radiates out into the purple petals, petaloid stigmas creamy edged and tipped purple, 6 petals.
7. **Sofu-no-koi**, White, splashed, blotched and speckled sky-blue, primrose blotches, radiating into the petals, petaloid stigmas creamy white tipped and margined violet 6 petals.
8. **Manadsuru**, (Crane). White, yellow blotches radiating out into sky-blue feathers, petaloid stigmas violet tipped and speckled white, this variety will at times give a creamy white flower, 6 petals.
9. **Hana-no-nishiki**, (Flower embroidery), Brilliant claret red, pencilled white, petaloid stigmas white tipped purple, orange blotches, 6 petals.
10. **Yomo-no-umi**, (Boundless sea). Lavender-blue with a blue halo surrounding the yellow blotches and radiating out into feathers, petaloid stigmas red-lavender a distinct and beautiful flower, 6 petals.

- 1 1. Meiran, Veined and flushed crushed raspberry and white margined ground, orange yellow blotches surrounded with a blue halo, petaloid stigmas lilac, standards crimson, 3 petals.
- 1 2. Kuma-funjin, (Excited bear). Purple overlaid with navy-blue, 2 standards, petaloid stigmas purple and blue very large orange blotches, 6 petals.
- 1 3. Taiheiraku, (Peace). Rich vinous purple, with conspicuous yellow blotches tipped blue radiating out into purple veins and feathers, petaloid stigmas grey and lavender, 6 petals.
- 1 4. Hana-aoi, (Holy-hock). Grey, from the yellow blotches radiates dark navy-blue, feathers terminating in blue lilac veinings, stigmas purple-blue, 6 petals.
- 1 5. Uchiu, Coerulean blue, yellow blotches surrounded with white halo radiating out into broad lines, 3 thin white standards tipped blue, petaloid stigmas white tipped blue, 6 petals.
- 1 6. Osho-kun, Intense tyrian-blue, yellow blotches radiating into white, petaloid stigmas dark violet, 6 petals.
- 1 7. Shippo, (Cloisonne). Rich tyrian-blue, edged purple and feathered white, yellow blotches, petaloid stigmas lavender-blue and white, 6 petals.
- 1 8. Kumo-isho, Vinous-purple margined grey, yellow blotches surrounded with Velvety crimson halo radiating into the petals in feathers and pencillings, petaloid stigmas dark violet, 6 petals.
- 1 9. Kimi-no-megumi, Grey feathered and pencilled rich violet, yellow blotches, standards vinous-purple bordered grey, petaloid stigmas lavender faced and bordered grey, 3 petals.
20. Kumo-no-uye, Purple, with a sky-blue halo surrounding the primrose blotches and shading into the purple petals, petaloid stigmas purple, very double, 9 petals.
- 2 1. Yezo-nishiki, (Yezo-embroidery). Deep rich crimson mottled and blotched white, 3, standards same color as petal, petaloid stigmas lavender-blue, 6 petals.
22. Shishi-ikari, Rich broad purple petals, orange blotches. 3 large standards same color, petaloid stigmas purple stained white, very large flower, 6 petals.
23. Oniga-shima, Brilliant purple, blue halo surrounding the yellow blotches and radiating out, small crushed standards and petaloid stigmas white suffused and tipped violet, very large and distinct flower, 6 petals.
24. Sano-watashi, Pure white, yellow blotches, petaloid stigmas creamy white ground, large flower, 6 petals.
25. Yedo-jiman, Royal blue large petals, standards purple, petaloid stigmas dark violet, 3 petals.
26. Senjo-no-hora, Vinous purple speckled and splashed grey, primrose blotches radiating out into sky-blue, petaloid stigmas purple stained grey, 6 petals.
27. O-torige, Light purple, with blue halo surrounding the orange blotches radiating into feathers all over the flower, claret colored standards tipped white, petaloid stigmas purple-blue tipped white, very large flower.
28. Shirataki, (White water-fall). Great fine white petals, primrose blotches radiating gracefully into the white, petaloid stigmas creamy tipped white, 6 petals.
29. Shiga-no-uranami, Red-lavender, with white halo surrounding the yellow blotches and radiating out into the feathers, petaloid stigmas white tipped lavender, large flower, 6 petals.
30. Kagaribi, Brilliant ruby, feathered white, yellow blotches, petaloid stigmas white tipped ruby, 6 petals.
- 3 1. Kosui-no-iro, White, yellow blotches radiating into blue feathers, petaloid stigmas creamy, 6 petals.

32. **Komochi-guma**, (Bear with young). Violet double, blooming several close together at the head, 6 petals.
33. **Kakujakuro**, Blue and purple heavily feathered white, yellow blotches, standards blue edged white, petaloid stigmas white tipped blue, very large petals, 3 petals.
34. **Momiji-no-taki**, (Maple waterfall). Crimson-purple suffused and feathered white, petaloid stigmas white and purple, 6 petals.
35. **Shichiukwa**, Ruby crimson, a white halo surrounds the primrose blotches radiating out into broad lines, petaloid stigmas white tipped purple, 6 petals.
36. **Yedo-kagami**, Crimson-claret, orange blotches surrounded with blue halo radiating into veins, feathers, and pencilings, petaloid stigmas red-violet, very large handsome flower, 6 petals.
37. **Uji-no-hotaru**, Purple overlaid with sky-blue, orange blotches, standards claret-purple, petaloid stigmas grey and violet, 3 petals.
38. **Shimoyo-no-tsuki**, (Frost moon light). Grey suffused lavender blue, yellow blotches radiating out into pearl-blue feathers, standards pale purple edged and stained white, petaloid stigmas grey tipped and margined lavender, 3 petals.
39. **Tsurugi-no-mai**, Bright ruby-purple elegantly veined and feathered, deep yellow blotches, petaloid stigmas violet-purple, very large flower, 6 petals.
40. **Iso-no-nami**, Coerulean-blue on grey-lilac, flaked and specked, large yellow blotches radiating out in graceful lines, petaloid stigmas violet shaded grey, 6 petals.
41. **Oyodo**, Immense violet blue petals, and very large standards, petaloid stigmas dark violet, 3 petals.
42. **Bandai-no-nami**, Clear white with large radiating yellow blotches, creamy standards, 6 petals.
43. **Wakamurasaki**, Claret-purple speckled white, orange blotches, petaloid stigmas purple stained white, very large flower, 6 petals.
44. **Kyodaisan**, Purple overlaid with coerulean blue, orange blotches radiating out into the faint white lines, 6 petals.
45. **Kigan-no-misao**, Solid pure white, primrose blotches radiating into white, petaloid stigmas creamy tipped white, 6 petals.
46. **Koki-no-iro**, Red-purple suffused with intense blue, orange blotches, petaloid stigmas white tipped purple, 6 petals.
47. **Samidare**, Grey speckled and splashed sky-blue, standards grey and lilac, petaloid stigmas grey and blue, very large flower, 3 petals.
48. **Tora-odori**, (Dancing tiger). Grey overlaid with lavender-blue, yellow blotches, petaloid stigmas violet and white, 6 petals.
49. **Tsuru-no-kegoromo**, (Crane's feather). Large pure white flowers, yellow blotches, standards white, petaloid stigmas creamy, 3 petals.
50. **Date-dogu**, Rich claret-red, with orange blotches surrounded with a blue halo radiating out into elegant lines, standards light claret and white, petaloid stigmas white tipped and bordered pale claret, very large flower.

IRIS TECTORUM.

The tourist in Japan must often wonder at the ridge of green flag leaves surmounting most of the straw thatched cottages which prevails in the country villages, and if perchance his travels are made end of April or May, a great mass of beautiful blue flowers will meet his eyes rising from this rich green foliage, this is *Iris Tectorum* as shown in our illustration (page 16) and if his curiosity leads him to enquire the reason of a flower garden on the ridge of a cottage roof he will find it is rather economic than æsthetic, all thatched roof must have a ridge of some kind to throw off the water, and as our people generally cast about to find something in nature to answer their purpose, found in early times that the close growing and twining character of this Irish formed a compact water resisting protection and used it on their cottages, and as high winds prevail in Japan, to prevent the plants from being torn off, they used length of split bamboos tied into the thatch, and this arrangement usually lasts till the roof rethatched, a little later in the season it is no uncommon thing in some parts to see *Lilium Elegans* and even *Hemerocallis* assorted with this fine *Iris*. Visitors to our Nursery tell us that in Great Britain and Ireland there are many cottages with thatched roofs and the same visitors inform us that this *Iris* is seldom seen in gardens, we therefore suggest the experiment of growing it as we do. The climate of south and west of Ireland should suit *Iris Tectum* on roof tops, and the same informants tell us that *Sempervibum Tectorum* is common on thatched roofs in Scotland, perhaps even there the *Iris* might do on the roof tops of the cottages as it is very hardy. The Isle of Wight might be a good place to experiment with this plant. This *Iris* should be left undisturbed. There is a story told of a woman who went to a Shinto Priest to enquire how she could give a blue tint to her black hair and he told her to get the colour from the flower which neither grew on heaven nor on earth and she tried the *Iris* flower from her cottage roof and attained her object.

Iris tectorum per 100, \$ 12.00 U.S. gold f.o.b. Yokohama.

CAMELLIA JAPONICA.

We have a large collection of these striking Japanese flowering trees. Good varieties are increased by grafting as it is quite difficult to obtain these trees from seeds and wild varieties bloom only single flowers.

ACER (MAPLE.)

Acer polymorphum, the famous Japanese maple. None of autumnal trees excels this, some change their colours of leaves to yellow, others to red in autumn. Some of the varieties giving their rich crimson colouring in the spring when they shoot as well in autumn before they fall. Our choice assortment is as follows :—

	Height.	Each \$ Gold.	Per 100. \$ Gold.
Well assorted of our choice	1-2 ft.	\$ 12.00	\$110.00
„ „ „ „ „	2-3 ft.	21.50	195.00

	Height.	Each. \$ Gold.	Per 10 \$ Gold.	Per 100 \$ Gold.	Per 1 000 \$ Gold.
1. <i>Acer Atropurpureum</i> , (<i>No-mura</i>) deep maroon large regular palmate	1-2 ft.	..	\$ 1.30
2. <i>A. Oshiu-beni</i> , same colour as the preceding but more deeply cut and smaller	1-2 ft.	..	1.30
3. <i>A. Japonicum</i> (<i>Haya</i>), circular shaped large green leaves	1-2 ft.	..	1.30
4. <i>A. Sanguineum</i> , <i>Seigen</i> . blood red regular palmate, colouring in middle spring	1-2 ft.	..	1.30
5. <i>A. Roseum</i> (<i>Kagiri</i>), small palmate leaves margined with deep pink	1-2 ft.	..	1.30
6. <i>A. Versicolor</i> (<i>Orionono-nishiki</i>), very attractive crimson, white and green irregularly variegated	1-2 ft.	..	1.30
7. <i>A. Osaka-zuki</i> , large leaved regular palmate, light maroon changing to blood red in autumn	1-2 ft.	..	1.30
8. <i>A. Atro-dissectum</i> .. <i>variegatum</i> (<i>Toyama</i>), dark maroon deeply serrated thread-like leaflets with white variegation.	1-2 ft.	..	1.30
9. <i>A. Sanguineum</i> , <i>Chishio</i> , blood red regular palmate small leaves	1-2 ft.	..	1.30
10. <i>A. Atropurpureum dissectum</i> deep maroon richly fringed thread-like leaflets, drooping nature	1-2 ft.	..	1.30
11. <i>A. dissectum</i> , same as the preceding only green colour	1-2 ft.	..	1.30
12. <i>A. Reticulatum</i> (<i>Shigitatsu</i>), green network variegation on yellow ground	1-2 ft.	..	1.30
13. <i>A. Washino-o</i> , green thread-like long leaflets with deep serrate	1-2 ft.	..	1.30
14. <i>A. Okushimo</i> , small beautiful green leaves rolled on both edge.	1-2 ft.	..	1.30
15. <i>A. Aochanishiki</i> green and yellow mottled	1-2 ft.	..	1.30

	Height.	Each \$ Gold.	Per 10 \$ Gold.	Per 100 \$ Gold.	Per 1,000 \$ Gold.
16. <i>A. Aobano-fuye</i> , green leaves, regular palmate	1-2 ft.	..	\$ 1.30
17. <i>A. Aureum</i> , circular shaped obtusely cut yellow leaves	1-2 ft.	..	1.30
18. <i>A. Scolopendifolium rubrum</i> , (<i>Akashime-no-uchi</i>) dark red fine narrow ribbon leaflets	1-2 ft.	..	1.30
19. <i>A. Scolopendifolium</i> , green, (<i>Ao-shime-no-uchi</i>) green narrow ribbon-like leaflets	1-2 ft.	..	1.30
20. <i>A. Atropurpureum variegatum</i> , bright crimson with deep maroon variegation	1-1½ ft.	..	1.30
21. <i>A. Akikaze-nishiki</i> , green with irregular yellow variegation	1-2 ft.	..	1.30
22. <i>A. Wabihito</i> , green with feather-like leaflets	1-2 ft.	..	1.30
23. <i>A. Rosa-marginatis</i> (<i>Hikasayama</i>) green small leaves crimson margined ..	1-2 ft.	..	1.30
24. <i>A. Carpinifolium</i> (<i>Ohidorikayede</i>) green with carpinus-like leaves	1-2 ft.	..	1.30
25. <i>A. Trifidum</i> (<i>Tokayede</i>), small green leaves 3 lobed, changing to bright red in Autumn	1-2 ft.	..	1.30
26. <i>A. Shishigashira</i> , very curious rotate leaflets	1-1½ ft.	..	1.30
27. <i>A. Rufinerve</i> (<i>Kajiha</i>) Large leave like that of grape	1-2 ft.	..	1.30
28. <i>A. Uriha-nishiki</i> , Large leave like that of a melon, green and yellowish variegation	1-2 ft.	..	1.30
29. <i>A. Tsumagaki</i> , Regular small palmate leave, white margined	1-2 ft.	..	1.30
30. <i>A. Tsuru-nishiki</i> , Deeply cut ribbon-like leave, plain green	½ ft.	..	1.30
31. <i>A. Hatsuyuki</i> , Broad five lobed leave, white margined	1-2 ft.	..	1.30
32. <i>A. Musatoriyama</i> , 3 lobed small leave, white very slightly pink shaded ..	1-2 ft.	..	1.30
33. <i>A. Pictum album</i> , (<i>Tokiwanishiki</i>), 7 or 8 lobed large leave, white variegated ..	1-2 ft.	..	1.30
34. <i>A. Japonicum Filicifolium</i> , (<i>Hau-chiwa</i>), deeply cut leave of <i>A. Japonicum</i> ..	1-2 ft.	..	1.30
35. <i>A. Nishikigasane</i> , palmate, yellow variegated	1-2 ft.	..	1.30
36. <i>A. Pictum aureum</i> , (<i>Hoshiyadori</i>) yellow variegated	1-2 ft.	..	1.30
37. <i>A. Urime-nishiki</i> , white variegated with dark stem	1-2 ft.	..	1.30

	Height.	Each \$ Gold.	Per 10 \$ Gold.	Per 100 \$ Gold.	Per 1,000 \$ Gold.
38. Grafted maple (<i>Dantsugi</i>), by the grafted maple we mean, several varieties 5-7 kinds grafted on one single stem ..	1-1½ ft.	..	\$ 2.60	\$23.50	..
39. Grafted Megane maple, by this we mean 2 stems twisted and grown together in a form "8" of Arabic figure or spectacles and 5-7 kinds grafted on it	1-1½ ft.	..	3.25	29.50	..

	Height.	Each \$ Gold.	Per 10 \$ Gold.	Per 100 \$ Gold.	Per 1,000 \$ Gold.
Albizzia juriblissin, tuft flower, pinnate leaves fold down during the night, good for planting along walks in garden (Pot grown)	1-1½ ft.	..	\$ 2.50
Andromeda campanulata	8-10 in.	..	1.50
Andromeda japonica, shrubs, pendulous clustered flowers, fine for lawn planting, foliage turning to red in autumn (Pot grown)	8-10 in.	..	2.00	\$18.00	..
Andromeda japonica, white marginal leaves (Pot grown)	1-10 in.	..	2.00
Andromeda cernua rubens, Red flower..	2.00
Amelanchier canadensis, ornamental deciduous tree, in late spring young leaves covered with fine hair and flowers with white narrow petals in short panicles come out (Pot grown)	1½-2 ft.	..	2.50
Berberies japonica, highly ornamental thorny plant, with red berries (Pot grown)	1.30	12.00	..
Enkianthus japonica, fine lawn and open ground shrub, ramifying in horizontal layers, white pendulous flower (Pot grown)	1-1½ ft.	..	1.30	12.00	..
Aralia spinosa, ornamental shrub about 10 ft. in height large pinnate leaves spreading at the top of trunk in umbrella form, thorny (Pot grown)	1-2 ft.	..	2.00	18.00	..
Cercis chinensis, beautiful purple papilionaceous flower (Pot grown)	1-2 ft.	..	1.50
Cercidiphyllum japonicum, fine round leaved tree, thrives well in cold climate (Pot grown)	1-2 ft.	..	2.50
Cladrastis amurensis (See street planting)	1.50
Clerodendron squamatum, red flowers with long stamens stretching out, very ornamental, produce of southern province (Pot grown)	1-1½ ft.	..	1.50	13.00	..

	Height.	Each. \$ Gold.	Per 10 \$ Gold.	Per 100 \$ Gold.	Per 1 000 \$ Gold.
Cornus macrophylla , good for street planting, ornamental	\$ 1.50	\$13.00	..
Cornus macrophylla , white variegated (Pot grown)	3.25
Cornus Kousa , ornamental tree, in summer minute flowers in the form of a small ball acuminate in centre of 4 petal-like calyx, with edible fruit (Pot grown)	2.20	20.00	..
Cornus Kousa , white variegated leaves (Pot grown)	1-1½ ft.	..	2.60
Corylopsis spicata , very beautiful round leaves shrubs, in early spring producing yellowish drooping flowers (Pot grown)	1.80
Corylopsis spicata , fine light pink, variegated leaved (Pot grown)	5.00
Corylopsis pauciflora (Pot grown)	2.00
Corylus heterophylla , (See fruit trees)	2.50
Crataegus cuneata , ornamental shrub 5-6 ft., in spring white flowers comes out with leaves, in autumn has round fruit red and yellow coloured, very fine looking shrub (Pot grown)	2.00
Deutzia gracilis , white flowing shrubs very ornamental (Pot grown)	1-2 ft.	..	2.00	18.00	..
Deutzia scabra , double flowers with pink shade	2.00
Deutzia Sieboldiana , white profuse bloomer, ornamental shrub (Pot grown) ..	1-1½ ft.	..	2.00	18.00	..
Diervillea grandiflora white and pink variegated flower, profuse bloomer (Pot grown)	1.30
Diervillea hortensis , pink when in full blossom, crimson white in bud, very striking (Pot grown)	1½-2 ft.	..	1.30
Euonymus alatus , ornamental shrub, leaves turn red in autumn (Pot grown)	2.00
Euonymus Europaeus , ornamental shrub bearing suspended small berries	1-2 ft.	..	1.30
Ficus erecta , ornamental fig-tree, produce of southern province (Pot grown)	1-2 ft.	..	2.00
Fraxinus pubinervis , ornamental tree with pinnate leaves (Pot grown)	1 ft.	..	2.00
Fraxinus pubinervis , variegated leaves (Pot grown)	2.40
Hamamelis japonica , ornamental garden shrub producing golden flowers before the leaves come out attached to the branch almost without stigma (Pot grown)	2.00

	Height.	Each \$ Gold.	Per 10 \$ Gold.	Per 100 \$ Gold.	Per 1,000 \$ Gold.
Hypericum Chinense , ornamental shrub .. canary yellow flowers having long stamens like fine golden wire (Pot grown)	\$1.00
Hypericum patulum , another species of the preceding, flower small (Pot grown)	1.00

HYDRANGEAS.

HYDRANGEAS are undoubtedly among the most fashionable flowering shrubs, their immense trusses vary from pure white to several beautiful darker shade.

1. **Hydrangea, hortensis, var. Ajisai**, large flower, rosy blue to light blue according to the soil, (Pot grown) Height: 1 ft; per 10, \$1.30.
2. **Hydrangea hortensis**, pure white, never changing, being perfectly white (Pot grown)—Height: 1 ft.; per, \$1.50.
3. **Hydrangea stellata, rubra**, most beautiful of the family, the flower is double and its rose colour changing to different shades in succession as the flower becomes older (Pot grown).—Height: 1 ft. per 10 \$ 1.50.

	Height.	Each \$ Gold.	Per 10 \$ Gold.	Per 100 \$ Gold.	Per 1,000 \$ Gold.
4. Hydrangea hortensis, var. Shirogaku , guard petals white starry, blue centre (Pot grown)	1 ft.	..	\$ 1.50
5. Hydrangea hortensis, var. Benigaku , rose, grand flower (Pot grown) ..	1 ft.	..	1.50
6. Hydrangea hortensis, var. Aigaku , light blue flower (Pot grown)	1 ft.	..	1.30
7. Hydrangea involucrata , perfect ball .. white flower (Pot grown)	1 ft.	..	1.30
8. Hydrangea Scandens , climbing hydrangea (See climber)	1 ft.	..	2.00
9. Schizophragma hydrangeodes , (Climber)	1 ft.	..	2.50
10. Hydranea paniculata	1-1½ ft.	..	2.00
11. Hydrangea involucrata pleno ..	1-1½ ft.	..	2.00
12. Hydrangea hortensis , pink	1-1½ ft.	..	1.50

	Height.	Each. \$ Gold.	Per 10 \$ Gold.	Per 100 \$ Gold.	Per 1,000 \$ Gold.
Ilex Sieboldi , beautiful small tree bearing red berries (Pot grown)	1-1½ ft.	..	\$ 2.00
Ilex Sieboldi , the same but with white berries (Pot grown)	1-1½ ft.	..	3.50
Ixora Striata , red clustered flower in umbell, for green-house growth (Pot grown) ..	1 ft.	..	2.35
Jasminum Sieboldianum , yellow flowering Jasmin (Pot grown)	1-1½ ft.	..	1.30
Jasminum trinerve , grows in green-house, fragrant drooping white flower (Pot grown)	1.70
Kerria japonica , yellow flowering shrub (Pot grown)	1-2 ft.	..	1.00
Ditto double	1-2 ft.	..	1.50
Lagerstroemia indica , pink flower, highly ornamental garden plant, flower lasts very long, trunk is smooth and has polished appearance (Pot grown)	1-1½ ft.	..	1.30
Lagerstroemia indica , white flower (Pot grown)	1-1½ ft.	..	1.50
Lagerstroemia indica , light claret coloured flower (Pot grown)	1-1½ ft.	..	1.50
Lespedeza bicolor , light lilac flowers come out in September, a celebrated Japanese autumnal flower (Pot grown) ..	1-2 ft.	..	1.50
Lespedeza bicolor var. , white flower (Pot grown)	1-2 ft.	..	1.50
Lindera sericea , ornamental shrub, stems and branches have peculiar aromatic odor (See economic and hedge plants) 7-8 ft. high, small yellow flowers come out, before the leaves (Pot grown)	1-1½ ft.	..	2.00
Lindera triloba , ornamental tree of camphor family growing in cold region, with three lobed leaves, plant yielding oil (Pot grown).	1-1½ ft.	..	2.50
Lindera prae-cox , ornamental as well economic plant (Pot grown)	1-1½ ft.	..	2.00
Larix (See conifers)

MAGNOLIAS.

MAGNOLIA CONSPICUA.

1. *Magnolia compressa*, leaves persistent resembling to that of *Illicium religiosum* flower, small white 1 inch across (Pot grown)—Height: 1-1½ ft.; per 10, \$2.00.
2. *Magnolia conspicua*, fine white flowers, very fragrant, easy bloomer, good for cut flowers or bouquets (Pot grown)—Height: 1½-2 ft.; per 10 \$ 1.50 ; per 100, \$13.00.
3. *Magnolia grandiflora*, persistent large thick leaved, large flower 6-7 inches across, stately garden tree (Pot grown)—Height: 1-1½ ft.; per 10, \$2.00 ; per \$100, 15.00.
4. *Magnolia hypoleuca*, a stately ornamental tree with large leaves, large flower, 7-8 inches, good for street planting (Pot grown)—Height: 1-2 ft.; per 10, \$1.30 ; per 100, \$10.00..

	Height.	Each \$ Gold.	Per 10 \$ Gold.	Per 100 \$ Gold.	Per 1,000 \$ Gold.
5. <i>Magnolia kobus</i> , white flower, reverse of petals shaded with light pink (Pot grown)	1-1½ ft.	..	\$ 1.30	\$ 12.00	..
6. <i>Magnolia (Michelia) longifolia</i> , persistent foliage, hot-house plant white fragrant flower (Pot grown)	1-1½ ft.	..	4.00
7. <i>Magnolia (Michelia) champaca</i> , cream white fragrant flower (Pot grown)	1½-2 ft.	..	4.50
8. <i>Magnolia obovata</i> , exterior side of the fleshy petal purple veined with deeper colour and the interior being white, give a striking contrast (Pot grown)	1-2 ft.	..	1.45	13.00	..
9. <i>Magnolia obovata discolor</i> , light purple flower richly variegated with white (Pot grown)	1-2 ft.	..	2.00	18.00	..
10. <i>Magnolia Watsoni</i> , white fragrant, globular bloom opens facing upward (Pot grown)	1-1½ ft.	..	2.20	20.00	..
11. <i>Magnolia parviflora</i> , very much resemble the preceding but petals are thinner and flower bloom drooping downward (Pot grown)	1-1½ ft.	..	2.20	20.00	..
12. <i>Magnolia pumila</i> , leaves persistent, white thick petaled flower like a small round ball, very attractive and fragrant (Pot grown) ..	1-1½ ft.	..	5.00

	Height.	Each \$ Gold.	Per 10 \$ Gold.	Per 100 \$ Gold.	Per 1,000 \$ Gold.
13. <i>Magnolia stellata</i> , stellate stretching petals, light pink (Pot grown)	1-1½ ft.	..	\$ 1.55
14. <i>Magnolia fuscata</i> , small persistent leaved, little cream-coloured fragrant flower	1-1½ ft.	..	3.25
15. <i>Liriodendron Tulipiferum</i> , Tulip or Saddle tree, so called by its flower appears like that of Tulip and leave pecuniary four lobed, truncate at the point, some-what like a saddle in shape	3-4 ft.	..	3.25

PRUNUS MUME One of the most favourite Japanese blooming trees. Owing to its fragrant perfume of flowers, long lasting its beauty, almost a month and blooming in mid-winter, often in snow-clad landscape, it is highly esteemed for welcome room decoration in New year's days. Fruits are also very easily raised and made into preserves.

Well assorted of our choice varieties \$15 00 Gold per 100. Pot grown plants.

" " " " " 8.00 " " 100. Open ground plants.

	Height.	Each \$ Gold.	Per 10 \$ Gold.	Per 100 \$ Gold.	Per 1,000 \$ Gold.
White single, early profuse bloomer, in January (Pot grown)	\$ 1.65	\$15.00	..
White double, early profuse bloomer, in January (Pot grown)	1.65	15.00	..
Light pink single (Pot grown)	1.65	15.00	..

Red double, (Pot grown)	1.65	15.00	..
Red with drooping branches	1.65	15.00	..
White " "

PRUNUS PERSICA, The Japanese peach is well known and more popular for its flowers than for its fruits like other plants of the prunus family in Japan. Though the plant lacks the fragrance of the *Prunus Mume*, yet undoubtedly it forms our special pride in the way of flowers in spring.

	Height.	Each \$ Gold.	Per 10 \$ Gold.	Per 100 \$ Gold.	Per 1,000 \$ Gold.
White double (Pot grown)	1-1½ ft.	..	\$ 1.65	15.00	..
Light pink double, (Pot grown)	1.65	15.00	..
Clear pink and white, striped flower (Pot grown)	1.65	15.00	..
Blood red double	1.65	15.00	..
White drooping branches	1.65	15.00	..

PRUNUS PSEUDO-CERASUS,—The Japanese cherry, remarkable for its softness and exuberance of its flower, blooming in the warm pleasant spring days of April as contrasted with the severe simplicity of *P. Mume* of snow-clad landscape. The Cherry is fine for avenue planting with profuse flowers and deciduous leaves. More than 20 double and single varieties are known, those mentioned below are some of the choicest sorts.

Well assorted Open-ground plants \$ 8.00 per 100,

„ „ „ Pot grown plants \$ 15.00 per 100.

	Height.	Each \$ Gold.	Per 10 \$ Gold.	Per 100 \$ Gold.	Per 1,000 \$ Gold.
Dwarfed Cherry (Pot grown) with bent branches	1-2 ft.	..	\$ 2.50	\$ 22.50	..
Shiro-fugen , white double (Pot grown) ..	2-3 ft.	..	1.65	15.00	..
Kō-fugen , pink double (Pot grown)	1.65	15.00	..
Naden light pink (Pot grown)	1.65	15.00	..
Yoshino , single light pink large flower	1.65	15.00	..
Higan-zakura , pink small flowers, earliest bloomer	1.65	15.00	..
Hizakura , double pink large flower in bunch.	1.65	15.00	..
Ukon , double greenish-flower, very rare	1.65	15.00	..
Ojochin , its striking characteristic is the pendulous nature of its flowers which form a large heavy bunch	1.65	15.00	..
Prunus pendula (see painting)	1.65	15.00	..
Prunus tomentosa , a fruit tree	2.50
Prunus japonica , lovely ornamental shrub with white flower, bearing red berries	2.50
Punica granatum , the pomegranate (See fruit)					
Flowering varieties:—					
Red double large flower (Pot grown)					
Splashed, showy flower (Pot grown)	2.50
Fruit-bearing dwarf, in pot	4.00
Pyrus japonica , pretty small bushy shrubs.					
Rose (Pot grown)	2.00
White (Pot)	1.50	13.00	..
Splashed	1.50	13.00	..
Pyrus sambusifolia , white flowers, bearing afterward red berries in umbell	2.00	18.00	..
Pyrus spectabilis , elegant flowering shrub, branches tender and flexible, profuse bloomer (Pot grown)	1-1½ ft.	..	2.00
Pyrus toringo , ornamental shrub	1-1½ ft.	..	2.00
Rhodotypos kerrioides , ornamental shrub resembling <i>Kerria Japonica</i> , white flower (Pot grown)	1-1½ ft.	..	1.50
Sophora japonica , ornamental deciduous tree white papilio flower	1.30
Spiraea cantoniensis , pure white clustered flowers, flexible branch, very attractive (Pot grown)	1-1½ ft.	..	1.50

	Height.	Each. \$ Gold.	Per 10 \$ Gold.	Per 100 \$ Gold.	Per 1,000 \$ Gold.
Spiraea japonica , low plant fine white flowers (Pot grown)	1-1½ ft.	..	\$ 1.80
Spiraea japonica , red flower (Pot grown) ..	1-1½ ft.	..	1.50
Spiraea prunifolia , lovely small white double flowers (Pot grown	1-1½ ft.	..	1.50
Staphylea bumulda	2.00
Stachyurus praecox , ornamental tree, flowers yellow in hanging raceme, in early spring.	1.50
Sterculia platanifolia , noble luxuriant foliage with smooth green trunks	1-1½ ft.	..	1.20
Ditto. variegated (Pot grown)	1-1½ ft.	..	3.25
Stuartia pseudo-camellia , deciduous, white single camellia-like flowering in summer (so called summer camellia) trunk has smooth polished appearance	1-1½ ft.	..	2.00
Styrax japonica , handsome well know pendulous white flowering plant, fine shade tree, popular plant	2-1½ ft.	..	1.30
Styrax obassia , splendid white flower spikes come out in May suitable for avenue planting	1-1½ ft.	..	1.50	\$13.50	..
Tilia Miqueliana	2.50
Viburnum tomentosum , white flowering shrub, like snow ball (Pot grown)	1-2 ft.	..	2.00
Viburnum tomentosum plicatum , pure white, snow ball (Pot grown)	1-2 ft.	..	1.30
Viburnum tomentosum plicatum , variegated leaved (Pot grown)	1-2 ft.	..	2.50
Wistaria (See climber)	1-2 ft.
Zelkova keaki , Japanese important timber tree as well ornamental	1-2 ft.	..	1.50	13.50	..

CONIFER.

	Height.	Each. \$ Gold.	Per 10 \$ Gold.	Per 100 \$ Gold.	Per 1,000 \$ Gold.
Pinus densiflora , useful and highly important timber tree, attains a height of 120 feet also very important for Japanese landscape gardening and for architectural purposes (Pot grown)	\$ 1.30
Pinus densiflora , white variegated (Pot grown)	3.25
Pinus densiflora , yellow variegated (Pot grown)	3.25

1. *Prunus pennsylvanica*
2. *Prunus pseudocerasus*
"Sekizan" for "Seki-no-Yama."
3. *Prunus Mume*.

Pinus masoniana , giant Japanese pine with thick scaly bark, height 120 feet when full grown, used for planting along road sides. A useful timber tree and good ornamental for garden planting (Pot grown)	1-2 ft.	..	\$ 1.30
Some garden varieties:—					
Tanyosho , dwarf pine, lawn planting with thick umbrella-like form	1 ft.	..	2.00
Bandaisho , dwarf lawn tree with short needles	2.00
Oridsuru matsu , for garden planting has curved needles	2.00
Weeping pine , with drooping branches	2.50
Pinus Koraiensis , has long needles, thrives in cold countries and is both ornamenta and useful with edible nuts (Pot grown) ..	1 ft.	..	2.25
Pinus koraiensis , variegated leaved	1 ft.	..	3.00
Abies firma (Pot grow)	1-2 ft.	..	1.80
Abies brachyphylla , grown in mountainous land, rich foliage, valuable timber tree (Pot grown)	1-1½ ft.	..	2.50
Abies Veitchii , highly ornamental conifer (Pot grown)	1-2 ft.	..	2.50
Abies bicolor (Pot grown)	1-2 in.	..	2.50
Abies Toramomi (Pot grown)	1-1½ ft.	..	2.50
Abies Tōmomi (Pot grown)	1-1½ ft.	..	4.50
Picea alcoquiana (Pot grown)	1 ft.	..	2.00
Picea polita , easily distinguished by its prismatic needle (pot grown)	8-12 in.	..	4.00
Tsuga Sieboldi , ornamental conifer as well useful timber tree (Pot grown)	1-1½ ft.	..	2.50
Cryptomeria japonica , a well know important evergreen, widely spread through-out Japan, extensively used for house building and other general works. Largest specimen attains 130 feet with trunk of immense size 20-30 feet in circumference, large specimens seen in Nikko are much noticed by tourists (Pot grown)	1-2 ft.	..	1.30	\$10.00	..
Ditto (Open ground grown)	1-2 ft.	4.00	..
Garden varieties:—					
Jindai-sugi , thick foliage harder and stronger than common cryptomeria	8-12 in.	..	1.50

	Height.	Each \$ Gold.	Per 10 \$ Gold.	Per 100 \$ Gold.	Per 1,000 \$ Gold.
Bandai-sugi , suitable for lawn planting	5-8 in.	..	\$ 2.00
Yenko-sugi , cord-like leaved variety drooping nature	8-12 in.	..	2.00
Kō-yosugi , dark red needle leaved, soft, flexible variety very ornamental ..	1-1½ ft.	..	1.40
Aya-sugi , whitish green foliage	8-12 in.	..	2.00
Howo-sugi , rich foliage very ornamental.	8-12 in.	..	2.00
Sekka-sugi , monstrous cock's-comb like foliage	5-8 in.	..	2.60
Kusari-sugi , drooping chain-like foliage	5-2 in.	..	2.60
Cunninghamia sinensis , small lanceolate stiff-pointed leaves resembling American Araucaria	1-1½ ft.	..	2.60
Podocarpus macrophylla , ornamental conifer thick foliage (Pot grown)	1-1½ ft.	..	1.30
Ditto (Open ground grown)	1-2 ft.	\$ 7.00	..
Podocarpus macrophylla , white variega- tion (Pot grown)	1-1½ ft.	.35	4.00
Podocarpus macrophylla , yellow variega- tion (Pot grown)	1-1½ ft.	.75	7.00
Podocarpus macrophylla , fine white and green foggy variegation.. .. .	1-2 ft.	.45	4.00
Podocarpus nageia , variegated long leaved variety (Pot grown)	1-2 ft.	.45	4.00
Podocarpus nageia , variegated long leaved variety (Pot grown)	1-1 ft.	.50	4.50
Torreya nucifera , ornamental conifer, edi- ble nuts	1-1 ft.	..	2.00
Cephalotaxus drupacea	1-1 ft.	..	1.00
Ginkgo biloba , (<i>Salisburia adiantifolia</i>), ornamental well known conifer yielding edible nuts, tall, often 100 feet, leaves change to yellow in autumn, when planted among evergreens the beauti- ful contrast is very attractive (Pot grown)—Per 10, Gold 1.30; per 100, Gold \$12.00.					
Ginkgo biloba, variegata , garden variety with variegated leaves, (Pot grown) Per 10, Gold \$2.50.					
Larix leptolepis , deciduous ornamental conifer (Pot grown)—Per 10, Gold \$1.30.					
Sciadopitis verticillata , (<i>Umbrella pine</i>), very fine regular shaped, highly ornamental—Height: 1-2 ft.; per 10, Gold \$5.00; per 100, Gold \$45.00.					
Ditto—Height: 2-3 ft.; per 10, Gold \$6.30; per 100, Gold \$55.00.					
Ditto—Height: 10-12 in.; per 10, Gold 3.15; per 100, Gold \$28.50.					

GINKGO BILOBA.

SCIADOPITIS VERTICILLATA.

Sciadopitis verticillata, variegated leaves (Pot grown)—
Height 1 ft. ; per 10, Gold \$6.50, per 100, Gold \$60.00.

Juniperus rigida, ornamental conifer—Height 1 ft. ; per
10, Gold \$2.60.

Juniperus chinensis procumbens, ornamental dwarf
creeping variety—Height 1½ per 10, Gold \$1.50.

Taxus tardiva, Height 1 ft. bushy dwarf ornamental conifer
suitable for lawn planting—per 10, Gold \$1.30.

Taxus tardiva, yellow variegated—Height 1 ft., per 10
Gold \$2.00.

Taxus cuspidata, —Height 1 ft. per 10, Gold \$2.00.

Thuja pendula, —Height 1 ft. per 10, Gold \$1.30.

Thuja pendula, —Height 1½ ft. golden variegated variety—
per 10, Gold \$1.30.

Thuja pendula, Height 1½ ft. white variegated variety—per
10, Gold \$1.30.

	Height.	Each \$ Gold.	Per 10 \$ Gold.	Per 100 \$ Gold.	Per 1,000 \$ Gold.
Thuja squarrosa , soft fine leaved lawn plant	1 ft.	..	\$ 1.00
Thuja (Tnujopsis) dolabrata , giant timber tree as well as an ornamental garden plant ..	1 ft.	..	1.55
Thuja dolabrata , variegated leaves	1 ft.	..	2.00
Thuja obtusa , a straight tree furnishes valua- ble timber (Hinoki) (Pot grown)	1 ft.	..	1.50
Thuja obtusa , var. Kamakura-hiba , (Pot grown)	1 ft.	..	1.30
Thuja obtusa , var Chabo-hiba , famous dwarf tree planted in pot grown above 100 year with regular rows of branches (See cut) Pot grown	3.00-15.00
Thuja obtusa , var. Chabo-hiba , golden variegation	4.00-15.00
Thuja obtusa , var. Chabo-hiba , silver variegation	4.00-15.00
Thuja obtusa , var. Kujaku-hiba , variety with thick bushy foliage (Pot grown) ..	1 ft.	..	2.50
Thuja obtusa , var. Hotaru-hiba , splashed white variegated (Pot grown)	2.20
Thuja obtusa , var. Embi-hiba , thread leaved garden variety dooping habit	1 ft.	..	2.30

	Height.	Each \$ Gold.	Per 10 \$ Gold.	Per 100 \$ Gold.	Per 1,000 \$ Gold.
Thuja obtusa , var. <i>lycopodioides</i> (kana-ami) thick foliated garden variety	1-2 ft.	..	\$ 1.50
Thuja orientalis , (Pot grown)	2.00

ORNAMENTAL TREES AND SHRUBS.

a. EVERGREEN SHRUBS.

	Height.	Each \$ Gold.	Per 10 \$ Gold.	Per 100 \$ Gold.	Per 1,000 \$ Gold.
Ardisia crispa , very fine red berry-bearing small plant, leaves deep green lustrous (Pot grown)	8-10 in.	..	\$ 2.15
Ardisia crispa , the same with white berries. .	8-10 in.	..	2.15	20 00	..
Ardisia crispa , crape leaved, grafted together white and red berries on one plant ..	8-10 in.	..	2.60	23.00	..
More than twenty varieties of variegation are known either marginal, speckled or striped	5.00
Ardisia japonica , beautiful ornamental foliage as well as red berry bearer, small shrub	6-8 in	..	2.00
More than twenty varieties of variegation are known, assorted..	4.50
Aucuba japonica , too well known to need description five varieties of variegated leaves are known either marginal, striped or speckled (Pot grown)	2.15	20.00	..
Berberis Fortunei , narrow and long leaved species, yellow small clustered flowers in summer (Pot grown)	1-1½ ft.	..	2.60	23.50	..
Chloranthus brachystachys , very ornamental, bearing orange yellow small berries and lustrous leaves (Pot grown) ..	1-1½ ft.	..	2.60
Chloranthus brachystachys , variegated leaved (Pot grown)	4.50
Chloranthus inconspicuus , with small yellow fragrant flowers (Pot grown)..	3.25
Damnacanthus indicus , red coral-gem coloured berries remaining on the plant almost all the year, flowers while the berries of last year are on the thorny horizontally ramifying branches (Pot-grown)	1-1½ ft.	..	2.85
Fatisa japonica , well known garden tree, its luxuriant evergreen lustrous foliages deserve high commendation, easy growth (Pot grown)	1-1½ ft.	..	1.30

	Height.	Each. \$ Gold.	Per 10 \$ Gold.	Per 100 \$ Gold.	Per 1,000 \$ Gold.
Fatsia Japonica , (<i>Aralia Sieboldi</i>) variegat- ed, decorative garden tree (Pot grown) ..	1-1½ ft.	..	\$ 2 60
Gardenia grandiflora , highly ornamental white fragrant flower yielding dye-stuff from capsul (Pot grown)	1-1½ ft.	..	1.30
Gardenia grandiflora , double flower (Pot grown)	1-1½ ft.	..	2.00	\$18.00	..
Daphne odora , white flowering	1.70	15.50	..
Daphne odora , white margined leaves, white flower (Pot grown)	2.20	20.00	..
Daphne odora , white margined leaved, pink flower (Pot grown)	1.45	13.00	..
Gardenia radicans , equally fragrant pure white, only smaller than preceding (Pot grown)	6-8 in.	..	.70	6.50	..
Gardenia radicans , double flower	6-8 in.	..	1.30	11.50	..
Gardenia radicans , dwarf, yellow variegated leaved, double flower (Pot grown)	6-8 in.	..	1.30
Ligustrum ciliatum , ornamental variegated .. leaves (Pot grown)	1-1½ ft.	..	1.50
Ligustrum ciliatum , evergreen (Pot grown)	1½-2 ft.	..	1.30
Ligustrum lbota , evergreen shrub, easy growth (Pot grown)	1-1½ ft.	..	.95	8.50	..
Ligustrum Japonicum , ornamental shrub (Pot grown)	1-1½ ft.	..	1 30	11.50	..
Ligustrum Japonicum , variegated leaved (Pot grown)	1-1½ ft.	..	2.50
Nandina domestica , beautiful ornamental garden shrub, graceful red coral-like ber- ries in panicle ripening in time of Christ- mas, 2 or 3 plants in one pot (Pot grown) ..	1-1½ ft.	..	1.30	11.50	..
Nandina domestica , white berries (Pot grown)	1.30	11.50	..
Raphiolepis Japonica , ornamental ever- green shrub good for rock-work, fragrant white flower, thick round small leaves, bark good for dyeing (Pot grown)	1-1½ ft.	..	1.30	11.50	..
Skimmia Japonica , small shrub, fragrant white flowers (Pot grown)	8-10 in.	..	2.20	20.00	..
Skimmia Japonica , variegated leaved (Pot grown)	4.00

b. EVERGREEN TREES.

	Height.	Each. \$ Gold.	Per 10 \$ Gold.	Per 100 \$ Gold.	Per 1 000 \$ Gold.
Buxus Japonica , is used as a lawn or garden plant, the wood serves for wood engraving, etc. (Pot grown)	\$ 2.00
Cinnamomum loureiri , very ornamental garden plant, with aromatic odor (Pot grown)	1-1½ ft.	..	1.30
Cinnamomum loureiri , variegated leaved (Pot grown)	1-1½ ft.	..	2.00
Cinnamomum sericeum , round leaved cinnamon	1-1½ ft.	..	2.50
Cleyera Japonica , fine evergreen ornamental plant	1-1½ ft.	..	1.30
Cleyera Japonica , white variegated foliage (Pot grown)	1-1½ ft.	..	2.60
Cleyera Japonica , yellow variegated foliage (Pot grown)	1-1½ ft.	..	1.50
Daphniphyllum glaucescens , thick leaved evergreen, suitable for decorative purposes (Pot grown)	1-1½ ft.	..	1.50
Daphniphyllum glaucescens , variegated leaved (Pot grown)	1-1½ ft.	..	2.50
Daphniphyllum macropodum , larger leaved varieties (Pot grown)	1-1½ ft.	..	1.30
Dendropanax Japonicus , ornamental evergreen garden tree, indigenous in southern provinces, leaves resemble those of Fatsia Japonica only smaller, and mostly 3 lobed (Pot grown)	1-1½ ft.	..	1.50
Distylium racemosum , thick ornamental evergreen, good for hedges, variegated leaves (Pot grown)	1-1½ ft.	..	2.60
Eurya Japonica , ornamental evergreen tree (Pot grown)	8-12 in.	..	2.00
Eurya Japonica , white variegated (Pot grown)	8-12 in.	..	2.00
Eurya Japonica , yellow and other variegated varieties can be supplied at the same rate (Pot grown)	8-12 in.	..	2.00
Euscaphis staphyleoides , rapid growing open garden tree, small red berries bursting black seeds when ripen (Pot grown) ..					
Euscaphis staphyleoides , variegated leaved	8 12 in. 1-1½ ft.	2.25 4.50
Ficus pyrifolia (Pot grown)	2.00
Ficus elastica	1-2 ft.	..	2.25
Ficus elastica , variegata, beautifully variegated with cream white	1-2 ft.	.80	7.50

FICUSELASTICA, VARIEGATA.

Ilex integra, thick leaved ornamental evergreen with red berries, bird-lime is prepared from the bark (Pot grown)—Height: 1-1½ ft. per 10, \$2.25.

Ilex integra, variegated leaved (Pot grown)—Height: 1-1½ ft.; per 10, \$3.25.

Ilex latifolia, large leaved evergreen, highly ornamental (Pot grown)—Height: 1-1½ ft.; per 10, \$2.25.

Ilex latifolia, variegated leaved (Pot grown)—1-1½ ft.; per 10, \$4.00.

Illicium religiosum, highly lustrous thick leaved evergreen, often planted in grave-yards (Pot grown)—Height: 1-1½ ft.; per 10, \$2.25.

Illicium religiosum, marginal and mottled leaved (Pot grown) Height: 1-1½ ft.; per 10, \$3.25.

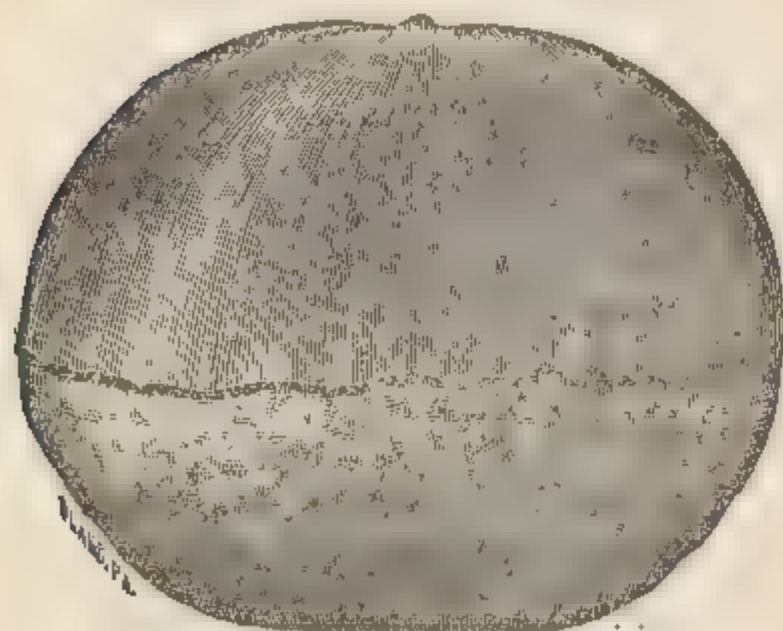

Olea aquifolium, well known strong thorny evergreen shrub (Pot grown)—1-1½ ft.; per 10, \$2.25.

	Height.	Each \$ Gold.	Per 10 \$ Gold.	Per 100 \$ Gold.	Per 1,000 \$ Gold.
Olea aquifolium , variegated (Pot grown) ..	1-1½ ft.	..	\$ 2.00	..	.
Olea fragrans , sweet fragrant orange colour- ed small flowering evergreen, very sweet suf- ficient to make the whole garden attractive on account of strong perfume (Pot grown)	1-1½ ft.	..	1.50
Olea fragrans , white smaller flower equally fragrant (Pot grown)	1-1½ ft.	..	1.50
Olea fragrans , everlasting bloomer (Pot grown)	1-1½ ft.	..	1.50
Photinia glabra , (See hedge plants)	1-1½ ft.	..	1.10
Pittosporum Tobira , ornamental ever- green, blooming white flowers in June (Pot grown)	1-1½ ft.	..	1.30
Pittosporum Tobira , yellow and white variegated foliage (Pot grown)	1-1½ ft.	..	3.30
Quercus acuta , for garden and hedge plant- ing, rich leaved hardy evergreen, its red- dish wood is valued for strong agricultural implements and carriage work, etc. (Pot grown)	1-1½ ft.	..	1.10
Quercus crispula (Deciduous)	1-1½ ft.	..	1.10
Quercus cuspidata , thick small leaved and edible acorn bearing oak is good for hedge and garden planting and its wood is much used for furniture (Pot grown)	1-1½ ft.	..	1.10
Quercus dentata (Desiduous)	1.10
Quercus dentata aurea , Leaves splendid golden colour when sprouting	1-1½ ft.	..	2.60
Quercus glandulifera (Deciduous)	1-1½ ft.	..	1.50

	Height.	Each \$ Gold.	Per 10 \$ Gold.	Per 100 \$ Gold.	Per 1,000 \$ Gold.
Quercus glauca , an evergreen, is valued as an ornamental tree and its hard wood is good for utensils, wagon wheels, etc. (Pot grown)	1-1½ ft.	..	\$ 1.30
Quercus lacera , a garden ornamental with dentate leaves (Pot grown)	1-1½ ft.	\$.65
Quercus laevigata , large leaved and large acorn bearer, fine forest tree (Pot grown)	1-1½ ft.	..	1.50
Quercus phyllireoides , twisted and curled foliage (Pot grown)	1-1½ ft.	..	1.30
Quercus pinnatifida Deciduous deeply cut leaved	1-1½ ft.	..	2.00
Quercus serrata (Deciduous)	1-1½ ft.	..	1.30
Ternstroemia Japonica , valued for the beauty of the foliage, very ornamental in the garden (Pot grown)	1-1½ ft.	..	1.10
Ternstroemia Japonica , reddish variegated foliage (Pot grown)	1-1½ ft.	..	2.00
Ternstroemia Japonica , white variegated (Pot grown)	4.00
Viburnum Japonicum , white flower, umbel form (Pot grown)	2.00
Viburnum odoratissimum , evergreen tree with red berries (Pot grown)	1.30
Viburnum odoratissimum , variegated leaved	3.25

JAPANESE FRUIT-TREES.

	Height.	Each \$ Gold.	Per 10 \$ Gold.	Per 100 \$ Gold.	Per 1,000 \$ Gold.
Actinidia arguta , climbing plant blooming white flowers, in summer its small sweet fruits can be preserved by drying, it is also ornamental vine (Pot grown)	1-1½ ft.	..	\$ 2.85

MAMMOTH CHESTNUT.

Castanea vulgaris Tamba (Mammoth Chestnut) yields best largest fruit often weighs up to 2 oz. each (open ground) —Height: 2-3 ft.; per 100, \$5.00; per 1,000, \$35.00; Pot grown per 10, \$2.50.

Photinia Jpaonia, new kind of loquat, fruit is 4-5 times, larger than common loquat, weighing 2½-3 oz., juicy with nice flavour (Pot grown)—Height; 1½-2 ft. per 10, \$2.85; per 100, \$26.00.

	Height.	Each \$ Gold.	Per 10 \$ Gold.	Per 100 \$ Gold.	Per 1,000 \$ Gold.
Elaeagnus longipes , red edible berry bearer, easy growth in any soil, grey-green foliage is also attractive, fruit ripens in summer	1-1½ ft.	\$ 8.80	\$ 80.00
Elaeagnus umbellata , red berry bearer clustered together, ripen in autumn ..	1-1½ ft.	8.80	80.00
Elaeagnus pungens	1-1½ ft.	10.00

DIOSPYROS KAKI.

DIOSPYROS

KAKI (Japanese persimmon). This delicious fruit is quite easy to cultivate. The earliest may be eaten in August while of later varieties keep their astringent taste till very late in season. We preserve the fruits by drying like dried figs. We naturally divide these trees into 2 classes. There are more than 100 varieties, we choose here only a few good varieties. The wood is much valued for its fine grain and black stripes.

A.—Those which ripen and turn sweet naturally.

Hyakume , oblong, early variety ripens in September 5½ x 2 inches, one of the largest (Grafted strong plants open ground grown)	3-4 ft.	\$ 5.00	\$ 45.00
Zenji , medium, ripe in September	3-4 ft.	5.00	45.00
Kuro-kuma , flattened, very sweet	3-4 ft.	5.00	45.00
Nitari , pointed 3½ x 2 inches	3-4 ft.	5.00	45.00
Gosho-gaki , flat very sweet and juicy ..	3-4 ft.	5.00	45.00
Daidai-maru , round medium size	3-4 ft.	5.00	45.00
Tsuru-no-ko , medium size	3-4 ft.	5.00	45.00

B.—Those which seldom or never lose their astringency unless subjected to so-called "Improvement." Simplest process of the improvement is merely by drying fruits in a place where there is free change of air after taking skin of fruits. The other method is more complex. After collecting the fruits in proper time say in the beginning of November choose the largest and best fruits and pack in a tub moistened previously with *Sake* (Rice-beer) or any other similar spirits in close and regular rows, keeping thus 15 days in it, this destroys the astringency. The tub must be hermetically closed and never allow the air during the named days. If the temperature is warm they ripe earlier, if cool later. The best and most simple way is to use a *Sake*-tub after liquor has been emptied out.

	Height.	Each \$ Gold.	Per 10 \$ Gold.	Per 100 \$ Gold.	Per 1,000 \$ Gold.
Hachiya , 3-4 inches long 4 inches across. especially good when dried	3-4 ft.	\$5 00	\$45.00
Yemon , 3-4 inches long 4 inches across ..	3-4 ft.	5.00	45 00
Yama-yemon , variety of the preceding	3-4 ft.	5.00	45.00
Seedless , very large	3-4 ft.	5.00	45.00
Masu-gaki , 3 x 2 inches	3-4 ft.	5.00	45.00
Mino-dsuru , 2½ x 2 inches	3-4 ft.	5.00	45.00
Diospyros Kaki , cultivated in pot bearing fruits	2-3 ft.	25.00	..
Ficus carica , purple skined	1-1½ ft.	..	1.00
Juglans Sieboldiana (Open ground seed- ling)	3-4 ft.	4.50	40.00
Juglans cordiformis	3-4 ft.	4.50	40.00
Juglans regia	3-4 ft.	4.50	40.00
Juglans (Pot grown)	3-4 ft.	26.00	..

ORANGE TREES.

Citrus aurantium, Japanese use the juice like lemon, the peculiar smelling peel is eaten raw and also used as sugar preserve (Pot grown) -Height: 1-1½ ft.; per 10, \$1.30.

Citrus bigaradia (Bitter orange), large round orange, which remains long on the branch 2½ inches diameter almost quite round, hard skin, the juice is sour, the unripe fruit is good for preserving in sugar, ripe one in syrup, or fragrant oil is made from the peel, Plant with fruits on (Pot grown) -Height: 1½-2 ft.; per 10, \$2.60.

Ditto plant without fruit (Pot grown) -Height: 1½-2 ft. per 10, \$2.00.

Citrus decumana, very large thick skinned fruit 5-6 inches across, plant with fruits on (Pot grown) -Height: 1½-2 ft.; per 10, \$3.25
Ditto plant without fruit (Pot grown) -Height: 1½-2 ft. per 10, \$2.00.

Citrus nobilis, the celebrated Japanese sweet orange, flat in form, skin readily separate from pulp. We mention some good varieties.

CITRUS JAPONICA.

	Height.	Each \$ Gold.	Per 10 \$ Gold.	Per 100 \$ Gold.	Per 1,000 \$ Gold.
Kino-kuni , plant with fruit on (Pot grown).	1-1½ ft.	..	\$2.50	\$22.50	..
Ditto plant without fruit (Pot grown)	2.00	18.00	..
Unshiu , plant with fruits on (Pot grown)	2.35	21.00	..
Ditto plant without fruit (Pot grown)	2.00	18.00	..
Satsuma , plant with fruits on (Pot grown).	2.85	25.50	..
Ditto plant without fruit (Pot grown)	2.35	21.00	..
Citrus japonica (Kamquat orange) a peculiar small Japanese orange with agreeable acid, good to eat as well very ornamental in winter, bearing small yellow fruits: 3 varieties.					
Elliptical fruit , plant with fruits on (Pot grown)	1-1½ ft.	..	2.50	22.50	..
Ditto plant without fruit (Pot grown)	2.00	18.00	..
Round fruit , plant with fruits on (Pot grown)	1-1½ ft.	..	2.60	23.50	..
Ditto plant without fruits (Pot grown)	2.00	18.00	..
Omi-kinkan , large round, plant with fruits on (Pot grown)	2.85	25.50	..
Ditto plant without fruit	2.20	20.00	..
Citrus media chirocarpus , with thick finger-like lumpy protuberances at top of fruit, very aromatic skin much recommended for its curious shape, plant with fruits on (Pot grown)					
Ditto plant without fruit (Pot grown)	2.20	20.00	..
Citrus trifoliata , useful hedge plant with thorny branches, much valued as stock for grafting orange families, 3 year old plants (Open ground)					
	1-1½ ft.	1.50	\$13.00
Citrus Natsu-mikan , (Summer variety), large fruits 4 inches in diameter, ripen in summer, good for preserving, plant with fruits on (Pot grown)					
	1-1½ ft.	..	4.00
Ditto plant without fruit (Pot grown)	2.50
Myrica rubra , most productive in warmer climate, fruit reddish purple when ripen, small sweet fruit (Pot grown)					
	1-1½ ft.	..	2.00
Prunus armeniaca (Apricot), round smooth brownish red fruit, sweet taste, also good preserved in syrup (Pot grown)					
	1-1½ ft.	..	2.00
Prunus triflora , very sweet agreeable fruit, small seed, thick flesh, smooth skin, several varieties exist such as red, yellow skinned, red and yellow fleshed, etc, namely:—					
Shiro-sumomo , whitish flesh, prolific (Open ground grown)	3-4 ft.	6.00	55.00
Aka-sumomo , red skin, yellow flesh, prolific	3-4 ft.	6.00	55.00

	Height.	Each \$ Gold.	Per 10 \$ Gold.	Per 100 \$ Gold.	Per 1,000 \$ Gold.
Middle ripening , red large (Open ground).	3-4 ft.	\$ 6.00	\$55.00
Later variety , red large, late (Open ground grown)	3-4 ft.	6.00	55.00
Botankyo , round large fruit yellowish green skin and flesh, $2\frac{1}{2} \times 2$ inches in size ..	3-4 ft.	6.00	55.00
Ko-botan , smaller fruit	3-4 ft.	5.00	55.00
Haku-botan , whitish flesh	3-4 ft.	6.00	55.00
Furugiya-beni , greenish red skin, yellow flesh	3-4 ft.	6.00	55.00
Hatankyo , yellowish green largest fruit, pointed at top $2\frac{1}{2}$ - $1\frac{3}{4}$ inches in size ..	5-4 ft.	6.00	55.00
Suika-momo , blood red flesh almost same as the skin very sweet, juicy (Satsuma-sumomo)	3-4 ft.	8.00	..
Those cultivated in pots bearing fruits ..	22- $\frac{1}{2}$ ft.	..	\$2.50
Pyrus chinensis , large yellow fruit, agreeable flavour	1-1 $\frac{1}{2}$ ft.	..	1.30	11.50	..
Pyrus cydonia , highly agreeable smelling fruit, which may be preserved for confectioners' use	1-1 $\frac{1}{2}$ ft.	..	1.30	11.50	..
Pyrus Ussuriensis (Pear), large fruits very juicy (open ground grown) 10 varieties..	3-4 ft.	5.50	50.00
Pyrus Ussuriensis , seedling for grafting stock, special reduction on large numbers.	3-4 ft.	2.00	18.00
Rubus incisus (Yellow raspberry), yellow sweet berry from which jam is prepared. When imported in autumn the plants bear berries next spring (Open ground seedling)	3-4 ft.	4.00	36.00
Rubus sorbifolius	1.50	12.00
Rubus trifidus , a deciduous shrub attaining a height of about 6 ft. forming a luxuriant bush with large bright dark green leaves of five or rarely three lobed and is very ornamental, besides it ripens sweet yellow berries in summer	2-3 ft.	..	2.00
Vitis vinifera Japanese grapes	2-4 ft.	5.00	..

SOME ECONOMIC PLANTS.

	Height.	Each \$ Gold.	Per 10 \$ Gold.	Per 100 \$ Gold.	Per 1,000 \$ Gold.
Alnus firma , the dried seeds are used for dyeing, on account of its tannin, giving olive colour, it is also a valuable shade tree, open-ground seedling	2 ft.	10.00	..
Alnus maritima , bark used for dyeing and a forest tree	2 ft.	8.00	..

	Height.	Each. \$ Gold.	Per 10 \$ Gold.	Per 100 \$ Gold.	Per 1,000 \$ Gold.
Broussonetia papyrifera (paper mulberry)					
general method in making Japanese paper is made by cutting the stems and after peeling off their fibrous bark, steeping the bark in warm water, after some days the bark thus treated is beaten into pulp, which is then mixed with water, containing some starch. The mixture is then manipulated and the result is a strong and tough Japanese paper (Open ground seedlings)					
	2 ft.	\$6.50	..
Broussonetia Kajinoki , paper manufacturing staff (Open ground seedlings)					
	2 ft.	6.50	..
Camellia theifera , widely cultivated plant producing the tea of commerce. In this country 3 year old seedlings give leaves sufficient to be picked, in 8 years they become splendid bushes, flowers very fragrant, white filled with numerous yellow stamens (Several in a pet)					
	1-2 ft.	..	\$1.8	17.00	..
Camellia theifera , tea having rose coloured flower					
	8-12 in.	..	2.85
Camellia theifera , var. <i>macrophylla</i> , large leaved tea					
	1 ft.	..	3.25
Camellia theifera , var. <i>macrophylla</i> , variegated					
	1 ft.	\$.45
Cinnamomum camphora the Camphor tree, ornamental garden tree, well known camphor is prepared from its wood, and the wood is much used for making trunks, chests of drawers, etc. It is not attacked by insects which renders the wood best adapted to cabinet work, when planted among fruit trees they are said to prevent the attack of blights (Pot grown 2 to 3 plants in one pot)					
	1-1½ ft.	..	1.30	11.50	100.00
Daphne genkwa , industrial paper plant with small blue flowers					
	1 ft.	..	1.30
Polygonum sachalinense , forage plant (roots)					
	2.60	23.50
Ipomoea batatas , Japanese sweet potato, very useful Japanese food plant					
	Tubers	1.30	..

	Height.	Each \$ Gold.	Per 10 \$ Gold.	Per 100 \$ Gold	Per 1,000 \$ Gold.
Juncus communis , grows in marshy places, fine Japanese mats are made of this stalks , (In pot several plants)	Pots.	..	\$ 1.00	.	..
Lindera sericea , deciduous shrub, the branches has aromatic odour, good to make teeth-picks, and the oil is pressed from the seeds	1-1½ ft.	..	2.00
Morus alba , the silk worm mulberry, several varieties cultivated. wherever silk industry is going on (Open ground grown)	1-1½ ft.	\$ 4.00	\$ 36.00
Edgeworthia papyrifera , paper manufac- turing plant	5.00	..
Pueraria Thunbergiana , good starch is prepared from these tuberous root. It is a good climber	5.00	..
Rhus semi-alata , well known gall occasion- ed by the sting of a leave-louse (Aphis Chi- nensis) are taken from this plant which is one of the valuable commercial staples in China (Open ground grown)	1-2 ft.	..	.45	4.00	..
Rhus succedanea (Wax or tarrow tree), leaves turn beautifully red in autumn, very ornamental in garden and seeds produce wax, (Pot grown)	1-2 ft.	..	.45	5.00	..
Rhus vernicifera (lacquer tree), very fine as foliage-tree in garden. The pinnate leaves turn brown red in autumn, well known lacquer sap obtained from the plant (Open ground seeding)	1-2 ft.	1.50	..
Rubia tinctoria , famous dye plant (Clump)	1.50
Salix multinervis , thrives best near stream, the Japanese port-manteau for travelling is made from its twigs (Open ground seedings)	2 ft.	..	1.50
Wickstroemia pauciflora , from its bark the celebrated Japanese copying paper is made	1.30	11.50	..
Zizania aquatica , perennial grass growing near water 5 6 feet high, fruit can be eaten and mats are made from its stalks (Clump)50

SUITABLE FOR HEDGES AND STREET PLANTING.

	Height.	Each \$ Gold.	Per 10 \$ Gold.	Per 100 \$ Gold.	Per 1,000 \$ Gold.
Acanthopanax aculeatum , deciduous thorny shrub good for hedges, young leave can be eaten after boiling..	\$ 2.00	\$18.00	..
Citrus trifoliata , fully thorned, good for hedges, strong stock plant for grafting orange trees	2.00	\$13.00
Cryptomeria Japonica , stately large timber tree, thorny leaves shoot very thickly, good for hedges (See conifer)
Distylium racemosum , evergreen, good for hedges as well as ornamental in garden	2.50
Euonymus Japonica , evergreen lustrous leaves good for hedges	7.80	70.00
Hibiscus Syriacus , deciduous shrub of malva family growing to the height 6-7 ft., its bushy nature suits well for hedges, flowering every morning and fading in the evening, fibrous bark good for twine and rope	2.50
Lindera sericea , the dried branches fastened closely are used in making rustic fences	2.00
Quercus cuspidata , edible acorn bearer, good for hedges, evergreen (Pot grown)	8.00	60.00
Bambusa agrestis , small kind of Bamboo used for hedges	2.00	18.00	..
Aesculus turbinata , showy luxuriant foliage best for shading (Open ground seeding) ..	1-1½ ft.	..	1.30	11.50	..
Albizzia julibrissin , a favourite ornamental red tufted flower, used for shading	1.30	11.50	..
Cladrastis Amurensis , good ornamental plant white pupilionaceous flower dark green pinnate leaves, also good for street planting	1-2 ft.	..	2.00
Cornus macrophylla , highly ornamental for street planting, white flower in umbel (Pot grown)	1-2 ft.	..	1.30
Melia Japonica , lilac fragrant flowers on short panicle, suitable for shade tree of rapid growing (Seedling)	2-0 ft.	..	1.30
Magnolia hypoleuca , large leaved magnolia good for shading and street planting (See magnolia)	1-2 ft.
Paulownia imperialis , a very noble deciduous tree thrives in any soil, rapid growth large leaves good for shading, the wood is light and good for furniture (Open ground)	3-4 ft.	4.00	36.00

R. H. H. H.

	Height.	Each. \$ Gold.	Per 10 \$ Gold.	Per 100 \$ Gold.	Per 1,000 \$ Gold.
Sterculia platanifolia , noble deciduous luxuriant foliage with smooth and plain green trunk good for avenue and shade tree.	1-1½ ft.
Sterculia platanifolia , splendid variegated foliage (See deciduous plant)
Styrax obassia , stately ornamental tree, large round leaves white drooping flowers in panicles (See deciduous plant)	1-1½ ft.

PLAMS, CYCAS, BAMBOOS AND GRASSES.

LIVISTONIA CHINENSIS

Chamaerops excelsa, rapid growth, easy culture, hairs that cover shoots we utilize to make strong water-proof rope matting, and mats (Pot grown)—Height: 6-10 in.; per 10, \$2.50; per 100, \$22.50.

Chamaerops Fortunei, a handsome dwarf variety attaining about 10 feet, leave hard and smaller than the prededing (Pot grown)—Height: 6-10 in.; per 10, \$3.50; per 100, \$30.00.

Rhapis Humilis, called Shurochiku, fine palm highly ornamental, with graceful slender parted leaves—Height: 4-24 in. mixed; per 100 shoots, \$23.50,

Rhapis humilis, with variegated leaves—Height: 4-18 in.; each, \$2.20.

Rhapis flabelliformis (Kwan-non-Chiku) very attractive ornamental palm with broader leaflets and thicker stem—Height: 4-18 in.; per 100 shoots, \$20.50.

Phapis flabelliformis, with variegated leaves—Height: 4-18 ft.; each, \$2,00-

Livistonia Chinensis, very handsome Chinese fan palm for ornament (See cut) 5 inch pot—Per 100, \$20.00.

Ditto 6 inch pot per 100, \$25,00.

CHAMAEROPS EXCELSA

Cycas revoluta, we are special growers of this noble decorative plant and can supply large quantities of any size by weight of trunks with leaves cut off:—

Height.	100 lbs.	1 000 lbs.	10,000 lbs.
Under 6 inch ..	\$6.50	\$60.00	\$550.00
Above 6 inch ..	5.60	50.00	450.00

(For Cycas dried leaves see the last page).

BAMBOO.

BAMBUSA (Bamboo), a well known ornamental plant, it also furnishes very useful materials for daily life especially in this country, its numerous varieties, graceful and noble foliage deserves high commendation. As the plant is generally native of warm provinces, they will vary greatly in size when introduced into colder climate. Nevertheless some are quite hardy and thrive everywhere. Size and sectional diameter are here given according average Japanese grown.

	Height.	Each \$ Gold.	Per 10 \$ Gold.	Per 100 \$ Gold.	Per 1,000 \$ Gold.
Bambusa Striata (B. Catillonis) green and yellow striped bamboo, decorative garden plant (Pot grown)	1-2½ ft.	..	\$2.35	\$21.00	..
Bambusa Henonis (Hachiku), close tally of Madake, highly ornamental, stem 2 inches across, also used for furniture, and baskets (Pot grown)	1-2½ ft.	..	1.30	11.50	..
Bambusa vulgaris , highly recommended for its rapid and easy growth, diameter 2-3 inches, gives branches from knots, max. height 40 feet (Pot grown)	1-2½ ft.	..	4.00
Bambusa Marliacea , Shibo-chiku or wrinkled bamboo, very rare (Pot grown) ..	1½-2 ft.	..	3.70
Bambusa aurea , owing to its close knots near the roots is suitable for walking canes, 1½ inches in diameter and 10 feet in height (3-4 shoot in a pot)	1½-2 ft.	..	1.30	11.00	..
Bamubsa aurea variegata , variegated both leaves and stem	1-2 ft.	.65

	Height.	Each \$ Gold.	Per 10 \$ Gold.	Per 100 \$ Gold.	Per 1,000 \$ Gold.
Bambusa pygmaea , ornamental grassy bamboo 3-5 inches high (Pot grown) ..	3-5 in.	..	\$ 1.50	\$ 13.50	..
Bambusa Taiho-chiku , highly ornamental, slender stem 10 feet in height (Pot grown)	1½-2 ft.	..	1.50
Bambusa Suo-chiku , yellow and green stripes on stem, very ornamental, (Clump pot grown)	1½-2 ft.	..	1.50	13.50	..
Bambusa agrestis , slender stem height 4-5 feet, ½ inch across (Pot grown)	1½-2 ft.	..	1.50	13.50	..
Bambusa agrestis , variegated leaves (Pot grown)	1½-2 ft.	\$.50	4.50
Bambusa Veitchii , dark green white marginal leaves, thrives in shady places (Pot grown)	1-½ ft.	..	1.50	11.50	..
Bambusa argenteo - striata , dwarf high ornamental grassy bush 6-7 inches suitable for open ground as well as pot plant being indispensable for garden planting, white variegation (Clump pot grown)	1½-2 ft.	..	2.00	18.00	..
Bambusa aureo-striata , yellow variegated (Pot grown)	1½-2 ft.	..	2.00	15.00	..
Bambusa nana , small fancy bamboo	1½-2 ft.	..	1.30	11.50	..
Phyllostachys quadrangularis , four-cornered cane, one of rarest kinds suitable for garden planting, its stems are used for walking canes (Pot grown)	1½-2 ft.	..	2.50	22.50	..
Phyllostachys Quiloi , common giant bamboo, general garden plant easy growth, and remarkable for its height often 40 feet, with diameter 4-5 inches	2-3 ft.	..	1.50	13.50	..
Phyllostachys Mitis , one of the largest bamboos 6 inches across, 28-38 feet high. Extensively cultivated for various furniture works, water pipes, etc., and especially for its young club-shaped sprout, eaten as vegetable (1 Shoot pot grown)	1½-2½ ft.	..	2.35	21.50	..
Phyllostachys nigra , black bamboo, best ornamental, max. 30 feet in height, 1-2 inches across, are used as cane, umbrella handles, etc. (Pot grown)	1½-2 ft.	..	1.50	13.50	..
Phyllostachys nigra punctata , black spotted bamboo, close ally of the preceding being larger, max. 36 feet in height, 1-2 in. across general use same as above (Pot grown)	1-2 ft.	..	1.50	13.50	..

	Height.	Each. \$ Gold.	Per 10 \$ Gold.	Per 100 \$ Gold.	Per 1,000 \$ Gold.
Phyllostachys heterocycla , tortoise shell-knotted species, 3 inches, (Pot grown) ..	1½-2 ft.	..	\$3.25
Phyllostachys Kumasasa , small slender grassy bamboo, good for garden planting in shady place (3-5 shoots, in a pot)	1.50	\$13.50	..
Phyllostachys bambusoides , Japanese arrow bamboo, arrows are made of this slender straight stalks, which also extensively used to support other soft flexible plant from wind (Clump pot grown)	1.50	13.50	..
Arundinaria Hindsii suitable for ornamental planting, bushy growth, slender stems (Pot grown) ..	1½-2 ft.	..	1.50	13.50	..
Arundinaria Hindsii graminea ..	1½-2 ft.	..	1.50	13.50	..
Arundinaria metake , slender bamboo ..	1½-2 ft.	..	1.50	13.50	..
Arundinaria Narihira ..	1½-2 ft.	..	1.50	13.50	..
Phragmites communis (Japanese rush), this stem extensively used for supporting chrysanthemum from wind and to keep straight its stem also for thatching and for making mats for shading (Clump pot grown)	1.50	13.50	..
Eularia Japonica , very graceful tall ornamental grass giving ostrich feather-like panicles used for dry bouquet (see the last page)	1.50	13.50	..
Eularia Natsubo , early variety, flowers in July and August (Clump)	2.00	18.50	..
Eularia Japonica zebrina , distinct white band across the leaves in succession, white panicles	1.50	13.50	..
Evergreen Eularia , evergreen growing mostly sea-side, 5-6 feet in height, larger and stronger than common Eularia, dried spikes furnish a parlour ornament (Strong clump)	1.30	11.00	..
Miscanthus sacchariflorus (Ogi) close ally of the Eularia Japonica 5-6 feet, leaves broader and stronger than the Eularia Japonica (strong clump)	1.30	11.00	..
Carex Gaudichaudiana	2.50	22.50	..

SPILISTRA LURIDA

Caltha palustris, small perennial herb grow-
ing in marshy place, in late spring stretches
long stalk with yellow flower, hanging nature

Caltha palustris, white variegated leaves ..

Conandron ramondioides, purple flower,
large leaves growing in shady and rocky place

Conophallus Konjak, splendid ornamental
tubercous plant, flowers with enormous
spadix

Dicentra spectabilis, showy perennial pink
flowering herb

Epimedium macranthum, very fine violet
clustered flowering perennial

Funkia ovata, beautiful purple flowers in
raceme, round large leaves, spoon shaped
with long stipules

Funkia ovata, smaller leaved variety white
variegation.. ..

Funkia ovata, large oval leaves white margin.

Gentiana scabra, var, **Buergeri**, large
deep violet bell flower

Gentiana scabra, var, **Buergeri**, varie-
gated leaves

Hemerocallis flava, large flowering gar-
den perennial (See bulbs page 4).

Leucanthemum Nipponicum, chrysanthem-
um family, autumn white flower with yel-
lowish centre, 2-3 ft. high, graceful peren-
nial flower

Leucanthemum arcticum, dwarf kind of
the preceding 5-10 inches high, a pretty
perennial

Lychnis grandiflora, deep carmine flower-
ing perennial, suitable flower for bouquet

Lychnis Senno, deep carmine flower, peren-
nial suitable for bouquets

Lychnis Senno, mottled and striped flower

	Height.	Each \$ Gold.	Per 10 \$ Gold.	Per 100 \$ Gold.	Per 1,000 \$ Gold.
Musa Basjoo , Japanese plantain growing 15 feet high in warm country, leaves often attaining a length of 6 feet	\$ 2.00
Musa coccinea , robust and dwarf species splendid red flowers, fine hot-house plant..	2.00
Ophiopogon Jaburan , white striped foliage ornamental plant (Strong clump in pot)	2.50
Ophiopogon Japonicus , evergreen herbs growing well in shady places good for borders of beds in garden (Strong clump)..65

Patrinia villosa, white flowering perennial
close ally of the preceding—Per 10, \$1.30;
per 100, \$11.00.

Physalis Franchetti, this new variety is
esteemed for its brilliant red bladder or calyx
enclosing the berry which is far larger and
prettier than the common winter cherry, it
is highly ornamental as pot-plant in autumn,
and is easily propagated by division or by
seeds—Per 10, \$1.00, per 100, \$9.00.

Primula cortusoides, several varieties more
than 30 kinds exist, white, lilac, red, fringed
etc.—Per 10, \$1.50.

Petasites Japonicus giganteus, this giant
variety grows its petioles to a height of
about 6 ft. with a diameter of $1\frac{1}{2}$ -2 inches.
The large round leaves expanded at the top
of the petioles form a shape of an umbrella
and is pretty enough to be an ornamental
as well as an economic. The big petioles
are eaten as a vegetable after passing in
boiling water and boiled or preserved in
salt or sugar. Its flower buds coming out
in February are used fresh as a condiment
and spice owing to its agreeable flavour
and slightly bitter taste—Per 10, \$1.50

PHYSALIS FRANCHETTI.

	Height.	Each, \$ Gold.	Per 10 \$ Gold.	Per 100 \$ Gold.	Per 1,000 \$ Gold.
Primula Japonica , beautiful light lilac flowering plant (by Seeds)	\$ 1.00
Pyrola rotundifolia , small evergreen peren- nial shrives well in shady mountainous region65
Parnassia palustris , small perennial plant growing in marshy places 8-12 inche high, flower yellowish . hite65
Rhodea Japonica , special attention is paid to the cultivation of this plant among Japanese horticulturists. More than 100 varieties exist, esteemed for its lustrous deep green and various variegated leaves					
Miyako , large thick leaves 1-1½ ft. in length, with white margin	\$.50	4.50
Takakuma , white splash on green upright foliage 1 foot in length50	4.50
Rodgersia pododphylla , ornamental pe- rennial, five leaves growing from one stalk on opposite, white flowers are produced on umbel	2.00
Saxifraga sarmentosa , ornamental creeping plant hairy fine foliages red on reverse (Pot grown)65
Saxifraga sarmentosa , marginal variega- tion very fine when suspended, leaves bairy (Pot grown)65
Schizocodon soldanelloides , small lovely perennial with pink flowers, leaves round and very lustrous	1.30
Sedum Sieboldi , perennial, clustered pink flowers very fine, 1½ inch across, suitable for hanging baskets..	1.00
Sedum Sieboldi , variegated leaves	1.00
Senecio kaempferi , circular lustrous large leaves yellow chrysanthemum-like flowers ornamental evergreen, perennial	2.00
Senecio kaempferi , variegated foliage	2.00
Simicifuga simplex , perennial..	1.00
Shortia uniflora , very lovely flowering perennial	1.00
Tanakaea radicans pretty alpine plant be- longing to saxifrage family	1.00
Thermopsis fabacea , showy yellow papili- onaceous flower, ornamental perennial	1.30
Tricyrtis Japonia , white flower spotted with purple	1.00

PETASITES JAPONICUS GIGANTICUS

DWARFED TREES GROWING IN JARDINIERS AND THEIR CULTURAL DIRECTION.

THE following is a list of the names of dwarfed trees we have always on hand to select from, ranging in price from 1 to 50. gold dollars, depending on age, size, &c:—

Thuja obtusa.	Styrax Japonica.
Pinus pentaphylla.	Lagerstroemia Indica.
Pinus massoniana.	Pomegranate.
Pinus densiflora.	Flowering Cherry.
Larix leptolepis.	Flowering Plum (<i>Prunus Mume</i>).
Juniperus rigida.	Chamærops palm.
Juniperus procumbens.	Cycas revoluta.
Juniperus Chinensis.	Wistaria.
Podocarpus macrophylla.	Cratægus cuneata.
Podocarpus Nageia.	Zelkova Keaki.
Tsuga Sieboldi.	Euonymus alatus.
Cryptomeria Japonica.	Ivy.
Acer palmatum (<i>Maple</i>).	Bomboos.
Acer trifidum (<i>Maple</i>).	&c., &c., &c.

DWARFED PINE.

(200 years Old.)

TREATMENT of Thuja obtusa:— During spring and summer, by preference keep this plant in a sunny airy situation where the wind will pass fireely through the branches, water once a day giving just enough to make the soil moist; in dry hot weather it may be necessary to give water twice a day, care however should be taken not to have the soil *wet* and never water unless the plant needs it. Watering overhead in dry weather is *bad* but rain is always beneficial. During winter

Thuja Obtusa, var. Chabo-hiba.

Specimens of the famous Japanese minimized tree, above 100 years in pots,

(See Conifer.)

keep the tree in a cold green-house partially shaded, or in an unheated orangery, giving water about once in 10 days, the soil however must never be allowed to get dry. (The science of successful culture of all plants in pots consists in judicious watering, giving too much or too little is equally bad).

Treated as above this plant is very ornamental on balconies, terraces etc. If this plant is kept in-doors it should *always be placed* out-of-doors at night and as often as it is not wanted for decoration. In-doors it should never be exposed to the dry heat from a stove or open fireplace otherwise the leaves will drop off and the plant perish.

Pinus pentaphylla and pine trees in general growing in jardiniers require the same attention in watering and general treatment as *Thuja obtusa*, but are not so much influenced by atmospheric conditions, nevertheless sun and air are necessary to maintain health, therefore keep the plants out-of-doors as much as possible.

MAPLES and other deciduous trees take the same treatment as *Thuja obtusa* as regards watering, but are much more accommodating than evergreens; in fairly mild climates the maples may remain out-of-doors all winter, but where the frost is very severe they should be kept in a cool cellar after the leaves have fallen in autumn, the soil must always be kept moist but not *wet*; early in spring put the plants out-of-doors and fully exposed to all weathers and when in full leaf use for decoration in-doors as needed.

MANURING :—When the trees commence growing in spring we give manure twice a month say March, April, May and June, again September and October, in the hot days of July and August, we give no manure and the same in winter and early spring, the plants then being at rest, the best manure is finely powdered oil cake or bone meal, to a jardiner 1 foot in diameter we give 3 or 4 large tea spoonfuls *not heaped* of this dry manure spread evenly round the edge of the jardiner, a larger or smaller jardiner will require more or less, a small jardiner say 3 inches by 6 inches, half a tea spoonful will be ample each time.

REPORTING:—This is done by us once in 2 or 3 years as follows; lift the plant out of the jardiner and with a sharp pointed stick remove about $\frac{1}{3}$ of the old soil around the edges and bottom, cutting away a portion of the *old fine* roots but none of the strong roots, then replace the plant in the same jardiner first looking to the drainage, for a small shallow jardiner we use a flat piece of tin or a flat crack over each hole, over this spread some rich fresh soil, neatly balance the plant and fill up with the same rich fresh soil to within $\frac{1}{2}$ an inch of the rims, this holds the water and prevents the manure being washed over the sides of the jardiner also the soil should be made sufficiently tight round the edges of the jardiner to prevent the escape of water, it being of the first importance that the entire ball of soil

DWARFED MAPLE.
(60 years old.)

around the plant be moistened at each watering, should the watering of the plant at any time be neglected and the soil has become quite dry put the jardinier in a tub of water for 10 or 15 minutes, *not longer*, and if the injury is not too serious the plant will recover. In the case of large plants we use hollow cracks for drainage, the same as is used by growers of specimen plants. After several repottings, the plant having increased in size, shift into a larger pot, but as dwarfness is the thing aimed at the smaller the shift the better. Repotting should be done February or March just before spring growth commences.

We advise when it is possible to get the above work done by a good gardener who has been accustomed to the handling of Heaths, New Holland plants etc. In the case of *very* shallow jardiniers we find it desirable annually to replace a portion of the old soil to maintain a healthy growth.

PRUNING:—To maintain dwarfness in the trees, pinch back the young growth, this we usually do from April to middle of June and always with the finger and thumb, a practice followed by the late Mr. Thomas Rivers of Sawbridgeworth, England, when preparing his dwarfed fruit trees fruiting in pots. In *Thuja obtusa* we pinch out the points of the young growth all over the plant to maintain the form, this practice we also apply to *Cryptomeria* and all other Conifers except *pinus*. *Pinus* we pinch out the points of the irregular growth simply to maintain the shape of the plant. Pomegranate, *Lagerstroemia Indica*, Flowering Peach, Flowering Cherry etc. We pinch back *the none flowering* shoots either before or after blooming; *Wistaria* in July and August we pinch back all the young growth leaving only 4 or 5 leaves on each shoot. Maple and other deciduous trees are pinched back at same time as *Thuja obtusa* leaving 2 to 4 leaves as may be necessary to maintain the desired shape of the plants. Should a second growth be made the same rule is followed of pinching out the points.

CLIMBERS AND CREEPERS.

	Height.	Each \$ Gold.	Per 10 \$ Gold.	Per 100 \$ Gold.	Per 1,000 \$ Gold.
Actinidia arguta , used as an ornamental climber as well as a fruit plant, white flowers in summer $\frac{1}{2}$ inch across	\$.22	\$2.00
Actinidia polygama , an ornamental climber, white flower, deciduous22	2.00
Akebia quinata , hardy ornamental foliage climber yielding edible mucilaginous fruits					
Akebia lobata , close ally of the preceding with 3 leaves on one stalk instead of five15	1.35
Stauntonia hexaphylla , close ally of the preceding, leaves larger, splendid lustrous evergreen, same kind of fruit is produced..	..	.15	1.35
Aristolochia debilis , ornamental climber, in summer, purplish green flower on a long stalk15	1.35
Berchemia racemosa , flexible woody vine very strong, used for plaiting baskets15	1.10
Berchemia racemosa , variegated leaves..	..	.20	1.80
Celastrus articulata , highly ornamental woody vine leaving yellow small berries after the leaves fall off30	2.70
Clematis florida , beautiful climber, flowers greenish white15	1.35
Clematis florida , double white tipped with green near the centre15	1.35
Clematis paniculata , hardy climber with fragrant white small flowers in cluster15	1.35
Clematis patens , violet large flower highly recommended70
Clematis patens , double fine white15	1.35
Dolichos Lablab , "Daylight." Hardy annual climbling vine, tall, quick easy growth; its beautiful snow white profuse flowers yield edible silvery seed-pods. (see cut in section of seeds)..20	1.80
Ficus pumila , creeping on rock and wood..
Heterosmilax Japonica , ornamental climber20	1.80
Hoya carnosa , thick succulent leaved climber pink waxy flowers forming umbel22	2.00
Hoya carnosa , central variegated leaves30	2.70
Hoya carnosa , marginal variegated leaves30	2.70
Hydrangea radicans , ornamental woody vine, white umbel flowers	2.30

JAPANESE IMPERIAL
MORNING GLORY.

Pharbitis hederacea, Japanese Imperial large flowering morning glory, annual climber (See seeds)

Trichosanthes cucumeroides, Handsome climbing plant with beautiful white flower blooming from evening till morning. When the flowers over red big hen's egg-sized fruits hang on the vine—Per 10, \$2.25.

Trichosanthes Japonica, almost same character as the preceding, but the fruit is larger and yellow—Per 10, \$3.50.

Kadsura Japonica, ornamental woody vine, red berries, good for trellis and walls—Each, \$.15 ; per 10, \$1.30.

Kadsura Japonica, foggy spots on green—Each, \$.15 ; per 10, \$1.30.

Kadsura Japonica, marginal white variegation—Each, \$.23 ; per 10, \$2.00.

Lygodium Japonicum, ornamental climbing fern—Each, \$.15 ; per 10, \$1.30.

Milletia Japonica, strong small climber, white wistaria-like flower. Each, \$.15 ; per 10, \$1.30.

Pueraria Thunbergiana, perennial vine both decorative and economic, violet papilio-flower, the best starch is obtained from its roots, ornamental climber for shading. Leaves readily eaten by cattle. Thread is obtained from its bark. (See cut on page of seeds)

Rubus rosifolius, var. **coronarius**, white double flower, climbing rose

Schizophragma hydrangeoides, flower resembles very much the hydrangea but is climbing (See Hydrangea)

Tecoma grandiflora, splendid bell shaped orange flower, beautiful climber

Trachelospermum jasminoides, fine small leaved climber

Wistaria Chinensis, purple splendid flower spike, best trellis-vine attains about 100 feet, long spikes sometimes 2 feet

Wistaria Chinensis, double purple flower

Wistaria brachybotrys, white flowering wistaria

FERNS.

FERNS, their graceful nature and great diversities of foliage make them much valued for cases, ferneries, and rock-works where is moist and shady.

JAPANESE FERN BALL.

THE Fern Ball is made of the hardy Japanese fern roots (*Davallia bullata*). They are worked to different artistic shapes, such as house, lantern, junk, etc. besides ball. They are in a dormant state and travel very well. When arrived and watered they soon shoots up rich green foliage from every point. The ball and others are for hanging in windows and rooms.

Ball about 8/10 inches diameter per 100 \$21.00 u.s. gold f.o.b. Yokohama.

Junk, house, lantern etc. per 100 \$47.00 u. s. gold f.o.b. Yokohama.

	Height.	Each \$ Gold.	Per 10 \$ Gold.	Per 100 \$ Gold.	Per 1,000 \$ Gold.
<i>Adiantum monochlamys</i> , small fronds, black stems, attains $\frac{1}{2}$ foot (Pot grown)	\$ 2.50
<i>Adiantum pedatum</i> , with greyish brown hairs attains 1 foot branching horizontally (Pot grown)	2.35
<i>Angiopteris erecta</i> , evergreen fronds, large leaves come out from the trunk.	3.25
<i>Nephrolepis tuberosa</i> , (sword fern) long fronds standing 1 $\frac{1}{2}$ -2 feet long	2.00
<i>Aspidium lepidocaulon</i> , creeping fern, good for hanging purpose, thick dark-green	2.85
<i>Aspidium falcatum</i> , with fleshy trunk like <i>cycas revoluta</i> leaves	1.50	\$13.00	..
<i>Aspidium filix-mas</i> , thick leaf blade	2.00
<i>Aspidium prolificum</i>	2.50
<i>Aspidium nidus</i> , large thick broad blade reaching to 4 feet in length	4.50
<i>Aspidium viridescens</i> , both sides of foliage are equally showy	1.30	12.00	..
<i>Asplenium rutaefolium</i> , Thuya fern, so-called from its Thuya-like leaves	1.30
<i>Cyathea spinulosa</i> , tree fern, 1 ft.	1 ft.	..	4.00	36.00	..

	Height.	Each \$ Gold.	Per 10 \$ Gold.	Per 100 \$ Gold.	Per 1,000 \$ Gold.
Davallia stricta , with variegated leaves	4.50
Hymenophyllum polyanthos	2.00
Lomaria Nipponica , richly curled, curious comb-shaped	4.50
Lygodium Japonicum climbing Japanese fern	2.00
Osmanda claytoniana , foliage appears in April, good for rock-works, yellowish flower	\$ 2 85
Osmanda Japonica corymbifera	1.50
Osmanda regalis , pot grown attains about 1 foot, very bushy	2.00
Polypodium lingua , long oak-like thick blade	2.00
Polypodium tricuspe	2 00
Polystichum aristatum variegatum	4 00
Pteris serrulata , narrow ribbon-like long leave	2 85
Pteris serrulata , Hagoromo, white variegated	2 85
Scolopendrium vulgare	2.50
Selaginella caulescens	1.50
Selaginella involvens	2.20

AQUATIC PLANTS.

	Height.	Each \$ Gold.	Per 10 \$ Gold.	Per 100 \$ Gold.	Per 1,000 \$ Gold.
Nelumbium speciosum , the famous Japa- nese lotus noted for its large beautiful flowers (Rhizome in pot)
Large pure white	\$ 6.50
Large light rose	6.50
Small white	6.50
Small pink	6.50
Nymphaea tetragona , leaves floating on water, in mid-summer double white flowers open in after-noon only	\$.22	2.00
Nuphur Japonica , large leaves standing above the water in late summer22	2.00
Trapa bispinosa , aquatic annual plant float- ing on stagnant water, white flowers with 4 petals come out in beginning of summer giving edible fruit with 2 or sometimes four corns (By seeds)	Packet	.15
Euriale ferox , large round leaves, floating on stagnant water, both faces of the leaves covered with thorns, in summer purple flowers bloom on long stalk above water, very showy (By seeds)	Packet	.15

	Height.	Each. \$ Gold	Per 10 \$ Gold.	Per 100 \$ Gold.	Per 1,000 \$ Gold.
Sagittaria sagittaeifolia , edible tuber growing in watery places several stems and leaves come out from one tuber, one of the best vegetables as well as an ornamental plant15
Scirpus lacustris , var. genuinus , orna- mental aquatic perennial plant, round singu- lar stick-like leaves growing to the height of 5-6 feet	1.30
Scirpus lacustris , var. digynus , resemble very much the preceding but has triangular sticks	1.30
Carex gaudichaudiana , Handsome aquatic plant with long narrow leaves, cyperus family (Large clump)	3.25
